(Motion carried 7-2)

Upon motion of Mr. Curcio, seconded by Mr. Sliwinski, the Board approved the following policy entitled *BILINGUAL AND ESL EDUCATION* on second reading.

(Carried unanimously)

POLICY

**Board of Education
Bloomfield**

BILINGUAL AND ESL EDUCATION

The Board of Education will provide programs of bilingual education, English as a Second Language (ESL) and English language services for pupils of limited English proficiency as required by law and rules of the State Board of Education. Pupils of limited English proficiency (LEP) are those pupils whose native language is other than English and who have sufficient difficulty speaking, reading, writing, or understanding the English language, as measured by an English language proficiency test, so as to be denied the opportunity to learn successfully in the classrooms where the language of instruction is English.

All bilingual, ESL, and English language services programs shall be conducted in classrooms approved by the County Superintendent of Schools within the regular school buildings of this district.

Identification of LEP Pupils

The Board directs the conduct of a screening process to determine the native language of each pupil who enters the school district. A census shall be maintained of all pupils whose native language is other than English. The English language proficiency of each pupil whose native language is not English shall be determined by a review process that considers the results of an English language proficiency test, the pupil's level of reading in English, the pupil's previous academic performance, the results of standardized tests in English, and the input of teach staff members responsible for the educational program for the limited English proficient pupils. Pupils scoring below the State-established cut-off score on Language Assessment Battery or the Maculaitis Assessment Program as per the "Norming Study of the Language Assessment Battery and the Maculaitis Assessment Program

- Practitioner's Report" (1989) and who have at least one other indicator, are pupils of limited English proficiency.

The district shall annually report the number of pupils identified as having a native language other than English and of that group, the number of pupils of limited English proficiency on the "Report of Limited English Proficient Students on Roll", which is part of the fall report. The Maculaitis Assessment Program or Language Assessment Battery shall be administered to all limited English proficient pupils entering the district's schools after grade eight, at the time of enrollment, to determine their level of English language fluency.

Program Implementation

The district shall provide the following:

1. Whenever there are one or more, but fewer than ten (10) pupils enrolled in district, services designed to improve the English language proficiency of those pupils, pursuant to N.J.S.A. 18A:7A-4 and -5,

a. English language services shall be in addition to the regular school program;

b. at the secondary level, sufficient courses, and relevant opportunities shall be afforded to enable the pupils to fulfill all credits and other requirements for graduation.

2. Whenever there are ten (10) or more LEP pupils enrolled in the district,

a. an ESL (English as a Second Language) curriculum shall be adopted to address the instructional needs of the LEP pupils;

b. programs and services shall include, but not be limited to, compensatory education, special education and vocational training and shall be provided in accordance with N.J.S.A. 18A:7A-4 and -5.

3. In addition to the foregoing requirements, whenever there are twenty (20) or more LEP pupils in any one language classification a program of bilingual education, as set forth in N.J.A.C. 6:31-1.5. Whether the age range, grade span and/or geographical distribution of LEP pupils makes a full-time bilingual program impractical, the Board may offer an alternate bilingual education program, provided that program has been approved by the Department of Education.

The bilingual program curriculum shall include instruction, by appropriately certified teaching staff members, in all the subjects required by law and offered to English speaking pupils. In subjects and activities where verbalization is not essential to understanding, pupils of limited English proficiency shall participate fully with English speaking pupils in the monolingual English class or activities provided. The bilingual curriculum must be approved by the Board, and pupils enrolled in the bilingual or ESL programs shall be offered all the support services and activities available to other pupils in this district, on the same basis and under the same rules.

Bilingual/ESL Program Exit

Pupils enrolled in the bilingual, ESL, or English languages services programs shall be reviewed annually for readiness to function successfully in an English only program. A pupil shall be transferred to the English only program when he/she achieves the State-established cut-off score on an English language proficiency test, further demonstrates readiness by his/her classroom reading level in English, performance on achievement tests in English, and is judged to be ready for exit by the teaching staff responsible for his/her educational program. The district shall notify the parent(s)/guardian(s) when a pupil meets the exit criteria and is placed in a monolingual English

program. The notice shall be in English and the language in which the parent(s) or guardian(s) possess a primary speaking ability. A pupil should not ordinarily remain in a bilingual education program for more than three years.

Exited pupils not progressing in the monolingual English program may re-enter the bilingual and ESL program in the following manner:

1. After a minimum of one full semester and within two years of exiting, the monolingual English classroom teacher, with the approval of the principal, may recommend retesting of a pupil. Waivers of the minimum time limitation may be obtained from the County Superintendent of Schools upon the request of the district Superintendent of Schools (chief school administrator) when the pupil is experiencing extreme difficulty in adjusting to the mainstream program.
2. The recommendation for retesting is to be based upon said teacher's judgment that the pupil is experiencing difficulties due to problems in using English, as evidenced by the inability to:
 - a. effectively communicate with peers and adults;
 - b. understand directions given by the teacher; and
 - c. comprehend basic verbal and written materials.
3. For purposes of re-entry, the pupil shall be tested using a different form of the test or a different language proficiency test than the one used to exit the pupil.
4. If the pupil scores below the cut-off score on the language proficiency test, the pupil shall be re-entered into the bilingual or ESL program.

When the exit review process is completed, the pupil's parent(s) or guardian(s) shall be informed by mail of the placement determination. A parent(s), Guardian(s), or teaching staff member who disagrees with the proposed placement may appeal the decision in writing to the Superintendent of Schools, who will provide a written explanation for the decision within ten (10) school days. The complainant may appeal the Superintendent's decision in writing to the Board, which will respond in writing within thirty (30) school days. A complainant not satisfied with the Board's explanation may appeal to the Commissioner of Education, pursuant to N.J.S.A. 18A:6-9 and N.J.A.C. 6:24.

Parental Involvement

The parent(s) or legal guardian(s) of a pupil of limited English proficiency will be notified, in accordance with the law, of the pupil's enrollment in a bilingual, ESL or English language services program. Notice shall be given by mail no later than ten (10) working days after the enrollment. The notice shall set forth a simple, non-technical description of the purposes, method and content of the program in which the pupil is enrolled and shall include a statement of the parent(s)' or legal guardian(s)' right to review and appeal, pursuant to N.J.S.A. 18A:6-9, if they wish to challenge the identification of their child. During the pendency of any such appeal, the pupil shall remain enrolled in the program. The notice shall be in English and the language in which the parent(s)/guardian(s) possesses a primary speaking ability. Parent(s)/guardian(s) shall receive progress reports in the same manner and frequency as parent(s)/Guardian(s) of other pupils enrolled in the district, written in English and in the parent(s) or guardian(s) native language, except that reports sent to parent(s)/guardian(s) of pupils in the ESL program may be written in English only, when it can be demonstrated and documented in the annual plan required under N.J.A.C. 6:31-1.6(c) that the translation of the report into the parent(s)/guardian(s) particular native language would place an unreasonable burden on the Board.

Parent(s)/guardian(s) of pupils of limited English proficiency will be offered opportunities for involvement in the development and review of program objectives and dissemination of information to and from the district and communities served by the programs. A parent advisory committee on bilingual education shall be formed and shall be convened at least four times during the school year. The parent(s)/guardian(s) of pupils with limited English proficiency shall comprise the majority on such committees.

Graduation

All pupils of limited English proficiency will be provided with all courses and opportunities necessary to enable them to qualify for graduation. Pupils will qualify for graduation from high school in accordance with Policy No. 5460 and upon satisfying the requirements of N.J.A.C. 6:8-7.1, except that:

a. pupils of limited English proficiency who enter the district's schools in grade nine or later may demonstrate that they have attained State minimum levels of proficiency through the Special Review Assessment in their native language; and

b. pupils of limited English proficiency who enter the district's schools in grade nine or later and who demonstrate that they have attained State minimum levels of proficiency through the Special Review Assessment in their native language must take the Maculaitis Assessment Program and attain the passing level of fluency of 133 raw score points to be eligible for a State-endorsed high school diploma.

Program Plan

The Superintendent shall prepare a plan for bilingual instruction, ESL, and English language services for approval by the Board and the County Superintendent.

The district shall submit an annual plan to the Department of Education for its approval. The plan will include information on the following matters: identification of pupils, program description, school information, evaluation design and review process for exit. The district shall also annually submit evaluation data which will include achievement information in reading, writing, mathematics and ESL and the exit data for pupils of limited English proficiency enrolled in the district.

The district shall also annually submit its budget for the bilingual and ESL program or English language services as part of the Annual Improvement Program budget.

Under Old Business, Mr. Galieto inquired about the status of the South Middle School property and asked if any monies were being budgeted for maintenance of that building next year. Dr. Glickman said that since the township is still negotiating with possible developers, we will budget expenses for next year. Mr. Galieto asked about the condition of the roof of the South Middle School; Mr. Weisman said that it was holding up. He said that he believes we need to come up with a way to control ongoing vandalism and suggested installing smoke detectors in the bathrooms to control smoking.

Mrs. D'Angelo said that she believes we need to be stricter in controlling vandalism and mentioned a bill that is in the legislature that will hold parents responsible for vandalism caused by their children.

Referring to the breakdown of expenses for attendance at the Atlantic City workshop, Mr. Galieto said that he feels it is expensive and that those who attend should come back with a report to the full Board.

Mr. Sliwinski commented that he feels the cost was not excessive and that it was money well spent. He agreed with Mr. Galieto that a report to the full Board would be appropriate.

Under New Business, Mrs. Cerone reported on a health curriculum meeting which she and Mr. Rabasca attended and said that she believes it should be presented to the Board. Dr. Glickman responded that Joseph Abramo, Supervisor of

Education, will be presenting this curriculum to the Board. Mr. Rabasca suggested that this topic should be presented to the parents in the district.

Board Secretary Harvey discussed the topic of the Nutley Assembly of God's request to use the Middle School for Sunday services, requiring the auditorium and twelve classrooms.

After discussion, a straw vote was taken and the results were:

Board members received the following information items: Announcement of an ECSBA Negotiations Data Exchange, notice of an ECSBA General Dinner Meeting, draft of Policy #8464, *WEAPONS*, a memo regarding 1994 Yearbook Photos, a Watsessing student's letter published in *The Star Ledger*, NJSBA State Board of Education Highlights-December 1, 1993, Notices of Staff Vacancies, DFG Comparisons, and change in date of graduation.

Board members discussed the draft of the policy on weapons.

Mr. Sliwinski asked questions on the DFG comparisons which were answered by Dr. Glickman.

The meeting was opened for public comment. There was none.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on January 24, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Motion carried 9-0)

(Motion carried 8-0)

There being no further business to come before the Board, upon motion of Mrs. Cerone, seconded by Mr. Sliwinski, this meeting was adjourned by unanimous vote at 9:58 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

Bloomfield, New Jersey
January 31, 1994

A Regular Meeting of the Board of Education of the Township of Bloomfield was held in the Library/Media Center of Bloomfield High School on Monday, January 31, 1994.

The meeting was called to order at 8:06 p.m. by President Frawley.

The following meeting notice was read:

The time, date and location of this meeting are listed in the Annual Notice schedule which was delivered to THE INDEPENDENT PRESS and BLOOMFIELD LIFE, and mailed to THE NEWARK STAR LEDGER and THE HERALD & NEWS on April 27, 1993, posted on the bulletin board in the lobby of the School Administration Building on April 27, 1993, and delivered to the Township Clerk of the Township of Bloomfield on April 27, 1993.

Board members present were: Mrs. Virginia Frawley
Mr. Thomas C. Barton
Mr. Jay J. Baumgardner
Mrs. Annette D'Angelo
Mr. Richard Galioto
Mr. Michael Rabasca
Mr. Ronald Sliwinski

Absent: Mr. Richard F. Curcio

Staff members present were: Dr. Edward Glickman
Dr. Elaine Tryjankowski
Mr. Richard L. Harvey
Mr. Ralph H. Goodwin
Ms. Judy Graef
Mr. Gary Weisman
Mr. Michael Iannucci

There were twenty-eight interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Frawley.

Upon motion of Mr. Barton, seconded by Mr. Rabasca, the Board unanimously accepted the Fire Exit Drill Report for December 1993.

Joseph Abramo, Supervisor of Education K-8, presented and reviewed the new Health curriculum guides, and responded to Board members questions.

Mr. Weisman updated the Board on conditions in the district due to the recent inclement weather, mentioning that most of the problems have been caused by water seepage through roofs, foundations and walls. He responded to Board members questions.

Mrs. Frawley thanked Mr. Weisman and the maintenance staff for their efforts.

Mr. Weisman reviewed the facilities budget for 1994-1995. He stated that the amount budgeted for utility costs in 1993-94 is adequate and PSE&G has advised him that there is no increase scheduled for in 1994-95. He mentioned that new mowers are needed for Foley Field and there is a need to budget for student furniture replacements.

Mr. Weisman reviewed maintenance/capital outlay lists with the Board and answered questions on capital projects. There was

370.9734

discussion of sharing maintenance costs with the township and the Recreation Commission for certain equipment and manpower requirements.

Dr. Glickman discussed the concept of establishing a Board budget committee and asked whom of the Board members would be interested in serving on such a committee. Mrs. D'Angelo, Mr. Sliwinski, Mr. Baumgardner and Mr. Rabasca said that they would be interested in serving on such a committee.

A discussion followed concerning what materials were best to use in replacing the pavers in front of the high school.

Dr. Glickman read the per pupil costs for Bloomfield over the last four years.

Ms. Graef reviewed the additional staff included in the tentative 1994-95 budget.

Dr. Glickman stated that this budget may require policy decisions on class size and other things.

Board member comments and questions followed.

The meeting was opened for hearing of the public on agenda items.

Barbara Park of Lowell Terrace, representing the high school, asked for consideration of the senior class in re-scheduling any make-up snow days at the end of the year. Their boat trip has been scheduled.

The meeting was opened for public comment on other items.

Mrs. Debby Agens of Evergreen Avenue spoke about the poor service received lately on the bus route M-8 to the Middle School. This bus has been consistently late since early January, the regular driver has been absent and, thus, many substitute drivers have been used. Mrs. Agens spoke of the parents' concerns that the children on this run are being short-changed in their classes due to the lateness.

Mr. Harvey responded and outlined the efforts the district has made to try to get the contractor, Laidlaw Transit, to correct these problems. He indicated that the contractor has experienced driver problems as well as the problems caused by the snow storms in January. The contractor has advised us that the regular driver will be returning to work and this should clear up the situation.

Upon motion of Mr. Barton, seconded by Mrs. D'Angelo, the Board considered the following personnel resolutions:

BOARD OF EDUCATION

Bill List - E.C.I.A. Payment, January 28, 1994

C. Egan & Sons	\$1,525.96
Joseph Devaney Elec. Contr., Inc.	\$1,800.00

Mr. Galioto suggested that the Board write to the township regarding the status of the South Middle School property.

Board members received the following information items: Notices of Staff Vacancies and a request for a meeting with Recreation Commissioners.

Board members also received two memos from Secretary Harvey, one concerning The Early Retirement Incentive Program and one concerning school bus contractors' performances.

Mr. Harvey advised the Board that the State has notified school districts of a change in the valuation of the extra liabilities for the Early Retirement Incentive Program. This change could reduce the costs to the district of this plan; and because of this change, the date for a decision has been moved to February 28, 1994. A Straw Vote on the issue of having a second analysis of these costs done by the actuary showed that five of the seven Board members present were in favor of the second study.

Mrs. Frawley discussed the letter from the Recreation commission.

Upon motion of Mr. Rabasca, seconded by Mr. Baumgardner the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on February 7, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

There being no further business to come before the Board, upon motion of Mr. Rabasca, seconded by Mrs. D'Angelo, this meeting was adjourned by unanimous vote at 11:43 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

BLOOMFIELD BOARD OF EDUCATION

POLICY NO. 8467

WEAPONS

The Board of Education prohibits the possession, use, exchange, distribution and disposition of any weapon in any school building, on or near school grounds, at any school-sponsored event and on school-sanctioned transportation, except as authorized by law. The purposes of this Policy are to establish procedures for cooperation between law enforcement authorities and school employees in the planning and conduct of law enforcement operations and activities on or near school premises, for the purpose of ensuring a safe school environment, and to identify circumstances under which school employees are to refer matters to law enforcement authorities. This Policy is intended to be consistent with, and complimentary to, the State Memorandum of Agreement approved by the New Jersey Department of Law and Public Safety and Department of Education.

For purposes of this Policy, the term "weapon" means anything readily capable of lethal use or capable of inflicting serious bodily injury; "weapon" includes, but is not limited to, firearms, as defined in N.J.S.A. 2C:39-1f; imitation firearms (an object or device reasonably capable of being mistaken for a firearm); dangerous knives; explosive devices; instruments intended to inflict harm; and components that can be readily assembled into a "weapon". For purposes of this Policy, the Board herein incorporates by reference the definition of "weapon" contained in Bloomfield Board of Education Regulation No. 8467 ("Operations: Weapons").

Whenever any school employee has reason to believe that a weapon has been brought unlawfully onto school property (or to a school-sponsored event or onto school-sanctioned transportation); or that a student or other person is in unlawful possession of a weapon, whether on or off school property; or that a student or other person has committed an offense with or while in possession of a weapon, whether or not the offense was committed on school property or during school operating hours, he or she shall immediately report the matter to the Principal or the Principal's designee. The Principal, or his or her designee, after notifying the Superintendent of Schools as provided for in this Policy, shall be authorized to interview any student(s) suspected of unlawfully possessing a weapon in violation of this Policy. The Principal, or his or her designee, shall immediately notify the Superintendent of Schools of the matter reported by the school employee, whereupon, the Superintendent of Schools, ^{or his/her designee,} shall then immediately notify the Essex County Prosecutor, or other law enforcement official designated by the County Prosecutor to receive such information, of the matter so reported. The Superintendent of Schools, or his or her designee, shall provide the County Prosecutor, or his or her designee, with all information known about the reported matter, including the identity of the student(s) or school employee(s) involved.

Upon notification by a school employee of a matter required to be reported pursuant to this Policy, or based upon first-hand reasonable suspicion of such a matter, the Principal, or his or her designee, shall conduct a search, in accordance with Bloomfield

Board of Education Policy No. 5770, and shall seize any weapon(s) discovered in the course of the search. In order for a search to be justified, the Principal, his or her designee or any other school employee undertaking the search, must, at a minimum, have reasonable grounds for suspecting that the search will reveal evidence that the student(s) in question has violated, or is violating, the law or the rules of the Board of Education, including this Policy. In addition, the measures adopted to carry out the search must be reasonably related to the objectives of the search and must not be excessively intrusive, in light of the student's gender and age and the nature of the infraction. If appropriate and feasible, the Principal, or his or her designee, shall summon law enforcement authorities to assume responsibility for the search and any resultant seizure(s) or arrest(s). In circumstances where the Principal, or his or her designee, has undertaken a search and/or seizure, he or she shall permit law enforcement authorities, upon their arrival, to assume responsibility for conducting the search and/or seizure. No school employee shall impede, or in any way hinder or obstruct, any law enforcement officer(s) engaged in a lawful search, seizure or arrest, whether pursuant to a warrant or otherwise. Questions as to the legality of any search, seizure and/or arrest conducted by a law enforcement officer on school premises, whether ongoing or contemplated, shall be directed to the Essex County Prosecutor or, in the case of a search, seizure or arrest undertaken by the Division of Criminal Justice, New Jersey Department of Law and Public Safety, to the Assistant Attorney General in charge of the operation. Questions regarding searches and/or seizures conducted by school employees shall be directed to the Essex County Prosecutor.

Any school employee confirming the presence of a weapon, in violation of the provisions of this Policy and under circumstances placing persons at serious risk of harm, may seize the weapon immediately, using such force as is reasonably necessary. Whenever the Principal, or his or her designee, seizes, or otherwise comes upon, any weapon, the presence of which is proscribed by the provisions of this Policy, he or she shall immediately store the weapon in a securely locked box or container and report the

presence of the weapon to the Superintendent of Schools. [Where a school employee other than the Principal, or his or her designee, seizes, or otherwise comes upon, any weapon, the presence of which is proscribed by the provisions of this policy, the employee shall immediately turn over the weapon to the Principal, or his or her designee, who shall immediately secure the weapon and notify the Superintendent of Schools, as provided herein]. Upon notification of the presence of a weapon, the Superintendent of Schools shall, both by telephone and letter, immediately notify the Bloomfield Township Chief of Police of the presence of the weapon; the Superintendent of Schools shall request prompt removal of the weapon by an authorized law enforcement officer. The Superintendent of Schools shall obtain, and keep on file, a written receipt for any weapon(s) removed by a law enforcement officer.

The Principals of the various schools within the Bloomfield School District shall act as liaisons between the Board of Education and law enforcement authorities, subject to such duties and responsibilities as may be prescribed by the Superintendent of Schools. Requests for uniformed police presence at extracurricular school events shall be processed through the office of the Superintendent of Schools. The Superintendent of Schools and the various Principals shall cooperate with law enforcement authorities in the planning and conduct of undercover school operations; the Superintendent of Schools shall approve such operations without prior notification of the Board of Education. In the absence of the prior express approval of the Essex County Prosecutor, or his or her designee, all information pertaining to undercover school operations, ongoing and contemplated, shall be kept strictly confidential by the Superintendent of Schools and school principals. In the event any school employee having knowledge of an undercover school operation subsequently acquires information suggesting that the true identity of an undercover law enforcement officer has been discovered, that someone has questioned the identity, or status, of such officer as a member of the school community or that the integrity of the operation has been compromised in any other way, such information shall be communicated immediately to the Essex County Prosecutor or his or

her designee.

An agreement, or memorandum of understanding, consistent with the policies established in N.J.A.C. 6:29-10.1 et seq. and the State Memorandum of Agreement, shall be entered into with law enforcement authorities. All agreements, or memoranda of understanding, entered into by the Board of Education with law enforcement authorities shall be submitted to, and approved by, the Board of Education, the Essex County Prosecutor and the County Superintendent of Schools; a copy of any such agreement, or memorandum of understanding, shall be annexed to this Policy. Agreements, or memoranda of understanding, shall define the rights and obligations of students, parents/guardians, school employees and law enforcement authorities, with respect to the possession, use, exchange, distribution or other disposition of weapons; the planning and conduct of law enforcement activities and operations on school premises, including arrests and undercover operations; and the participation of law enforcement authorities in substance abuse prevention programs.

Any student who possesses, uses, exchanges, distributes or otherwise disposes of weapons in violation of this Policy shall be subject to stringent discipline, including expulsion. In the event of a student's arrest for violating any law relating to the unlawful possession of weapons, the Principal, or his or her designee, shall immediately notify the student's parents or guardian of the arrest. Disputes arising from the conduct of law enforcement activities on school premises shall be submitted to, and resolved by, the Superintendent of Schools; an appeal from the Superintendent's decision may be taken to the Board of Education. Any school employee who knows of, or suspects, the presence of a weapon in contravention of this Policy, and fails to report same as herein provided, shall be subject to discipline. Principals shall develop, with the approval of the Superintendent of Schools, written plans for inservice training of employees with respect to the policies and procedures established in N.J.A.C. 6:29-10.1 et seq., as well as written guidelines, likewise approved by the Superintendent, for the exchange of information between school personnel and law enforcement authorities.

Annually, at a time and place mutually convenient to the parties involved, the Superintendent of Schools shall meet with law enforcement authorities to discuss the implementation of, and need for revising, agreements, or memoranda of understanding, entered into between the Board of Education and law enforcement authorities and to review the effectiveness of policies and procedures, such as the instant Policy, implemented pursuant to the provisions of N.J.A.C. 6:29-10.1 at seq. The annual review shall involve meetings with the Essex County Prosecutor, and such other law enforcement officials as may be designated by the County Prosecutor, and shall include input from the County Superintendent of Schools and the community.

(Carried unanimously)

Mrs. D'Angelo commented on budget matters, on the merits of having meetings rather than sending out mailings to the public. She suggested that the budget committee help prioritize budget items. She said that she is concerned about getting a budget which the public can approve.

Mr. Galioto questioned Mr. Goodwin about the water damage sustained by computers in the high school media center. He asked about the status of the South Middle School and also about any plans to improve student bus transportation.

Mr. Sliwinski said that he would like to have a report on monitoring in Bloomfield. He also said that he was interested in forming a "consortium" on special education, especially class sharing. Mr. Iannucci responded.

Mrs. D'Angelo asked for a report to the full Board on new teachers and those getting tenure and requested a map of the utilization of classrooms in the elementary buildings. She advised that she has heard from parents in one building who would like to have a TAC center.

Mr. Curcio reported that the Facilities Committee had met again and would have a report for the Board at the next meeting.

Dr. Tryjankowski presented an update on the status of monitoring.

Board members received the following information items: New Special Education Regulations, a letter from Rabbi Steven C. Kushner, Temple Ner Tamid, notice of ECSBA General Dinner Meeting on February 16, 1994, and results of Foley Field soil analysis.

Board members also received a member from Mr. Harvey entitled "Update on Transportation."

Dr. Glickman commented on Rabbi Kushner's letter concerning the school calendar and Rosh Hashana, indicating that this problem will be addressed.

Mr. Galioto commented on the letter concerning soil analysis for Foley Field, and asked when actual the plan for Foley Field would be forthcoming. Mr. Weisman responded.

Board discussion followed on the soil condition report, etc.

Mr. Curcio questioned Mr. Iannucci about the "surrogate parent" requirement in the Special Education Regulations.

Mrs. Frawley advised that she had received a letter from Dr. Alfano concerning the Bloomfield Civil and Human Rights Committee.

Mrs. D'Angelo reported on meeting with the Recreation Commission and expressed her feeling that a meeting between the Recreation Commission staff and the Board of Education staff would be productive. Board discussion followed on this topic.

Mrs. Cerone discussed the idea of honoring Bob Carter with a resolution on his retirement.

Upon motion of Mr. Curcio, seconded by Mr. Sliwinski, the Board considered the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on February 14, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried 8-0)

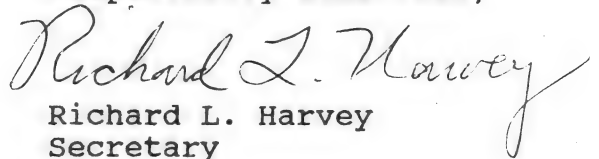

The meeting was opened for public comment.

Bill Smith spoke on honoring Bob Carter. He expressed his agreement with the upgrading of Foley Field and asked if there was a time frame for inclusion of funds for Foley Field in the budget.

Dr. Glickman responded that the Foley Field project would be funded through the Essex County Improvement Association, not through our budget.

There being no further business to come before the Board, upon motion of Mr. Curcio, seconded by Mrs. D'Angelo, this meeting was adjourned by unanimous vote at 9:15 p.m.

Respectfully submitted,

Richard L. Harvey

(Motion carried 7-0)

Mr. Curcio, as Chairman of the Board's School Facilities Committee, presented the "First Report to the Board of Education by the Committee" on behalf of himself and the members of the committee, Mr. Barton, Mrs. Cerone and Mr. Sliwinski. Mr. Curcio reviewed with the Board the committee's recommendations as listed below and contained in the First Report to the Board:

1. High School: Renovate with some ADA.

2. Middle School: Move sixth grades and build addition to main building and library, renovate existing section with some ADA.
3. Watsessing School: Building new school, save multi-purpose room, demolish old building. (Use old building as "swing" school.)
4. Carteret School: Renovate main building, build library and computer center, transform current computer center and library into two classrooms.
5. Forest Glen: Officially close and sell.
6. Demarest: Renovate with some ADA.
7. Oak View: Renovate with some ADA (possible air condition).
8. Brookdale: Renovate with some ADA.
9. Franklin: Renovate with some ADA.
10. Berkeley and Fairview: Close one or both and building a new school on either South Middle site, Fairview site or Wright's Field.

All new construction will have full ADA compliance.

During his report, Mr. Curcio reviewed the committee's operations to date, the methodology the committee used, a proposed time line for facilities improvement, initial priority listings, ADA cost estimates, site renderings for some of the suggested renovations and additions, and the benefits to the community of the suggested improvements.

Mr. Curcio presented a financial assessment of the total recommendations contained in the report and the estimated impact of these costs on the average home owner.

Mr. Curcio also reviewed with the Board a fact sheet containing questions regarding the recommendations of the School Facilities Committee and answers to these questions.

Mr. Sliwinski arrived at 8:27 p.m.

Mr. Curcio advised the Board that the Board Attorney has advised us that the South Middle School property may be available again. He said that he had gotten the Mayor's permission to mention Wright's Field and to do a wetlands study there. This would reduce the number of schools by two.

Mr. Curcio reviewed the Financial Analysis, Home Owners Impact and Commonly Asked Questions sections of the report.

Board members questions and comments followed at 8:53 p.m.

Mrs. D'Angelo said that she hoped the newspapers would not present this report as an accomplished fact. Since the Board members received this report tonight, they would have to discuss, review and study the plan and facilities needs much further. She stressed the fact that the Board had seen this committee report for the first time tonight.

Mr. Galioto asked how much the Middle School population would increase if the sixth grade was placed there. Mr. Curcio responded that there would be increase of about four hundred students. Mr. Galioto asked about the Middle School's capacity and Mr. Curcio said that it could accommodate four hundred additional students.

Mr. Galioto asked how many classrooms would be gained in each elementary building by moving the sixth grade to the Middle School. Mr. Curcio responded that two classrooms per building would be gained. He discussed the possible uses of these rooms in the elementary schools, i.e., TAC centers, etc.

Mr. Galioto asked if the committee had considered moving the fifth grade to the Middle School also and the response was no, they had not.

Mr. Barton commented on the number of students at the Middle School, saying that there were 764 students presently enrolled, that the functional capacity of the school was eight hundred, with the maximum capacity being nine hundred. The addition of four hundred students would make the enrollment about thirteen hundred possible.

Mrs. Frawley asked why the putting sixth graders in the Middle School is alright now when nine years ago the Board was told that limiting the Middle School to seventh and eighth graders was best.

Dr. Tryjankowski responded by saying that present research supports grades six, seven and eight in a middle school.

Mrs. Frawley asked if the committee had looked at doing anything with the Administration Building versus Forest Glen.

Mr. Curcio responded that they had to pare down costs of a bond issue and, thus, no allowance was made for either of these buildings.

Discussion of the need for an alternate school program space and the Administration Building/Forest Glen use followed.

Mrs. D'Angelo suggested that an appraisal of Forest Glen versus the Administration Building as far as their salability be done before a decision is made .

Mr. Curcio said that there is a lot on Bloomfield Avenue near Berkeley School and there is the Fairview site. He also said that Forest Glen might be traded with the township for Wright's Field.

Mrs. D'Angelo said that the problems of asbestos in buildings affects their salability.

A discussion followed concerning informing citizens so that they can see the benefits of the final plan and be able to support it.

Mrs. D'Angelo asked that opinions of the administrators and teachers at the high school be solicited on the Upsala program versus the need to have an alternate school in Bloomfield.

Mr. Barton discussed the cost of bringing the Administration Building up to code to be used as an alternate school.

Mrs. Cerone commented on the issue of putting the sixth grade in the Middle School when the middle school plan was developed.

Mrs. Frawley asked if the plans would equalize the enrollments in classes and between schools.

Board member discussion followed on several subjects: Class size, District boundary lines, redistricting, air condition older buildings versus only new buildings, and the need for more busing if the sixth grade was moved to the Middle School.

Board members discussed the tax impact of the building proposals, additional regular operating and instructional expenses, and potential state aid reductions and/or changes.

The Board discussed the needs of parents for specific detail information regarding what is going to happen to their children versus generalized information of the "building" program.

Mrs. D'Angelo suggested that the Board express a "straw" opinion on whether or not to continue with the proposed plans.

Mr. Baumgardner said that the town is at a crossroads and that there is a need to develop the open, available land. He expressed a belief that this program would contribute to these efforts and benefit everyone in the community.

Me. Baumgardner said that he was surprised that Forest Glen was not included in the future plans. He expressed concern that some of the redevelopment projects suggested may impact on enrollment and make capacity of greater than 5,500 students necessary. He also expressed concern about taking Wright's Field away from recreational use.

Mr. Curcio said that the maximum functional capacity is 6,000 and that the average functional capacity is 5,500.

Dr. Tryjankowski discussed the needs for an all day kindergarten and a pre-school program.

Mr. Sliwinski discussed the need for joint planning between the Board and the township on improving older areas of Bloomfield.

Mrs. Frawley asked that this topic be on the agenda for next month since no Board member had expressed opposition against continuing the discussion.

Under Old Business, Mr. Galioto commented on the use of the April vacation to make up snow days. He asked if the group of students traveling to Europe at that time will be marked absent. Dr. Tryjankowski responded that they would be marked absent.

Mrs. Cerone said that she had received many calls from parents about snow removal problems, that there was snow in the way where children were dropped off to go into school. Mr. Weisman responded to these concerns.

Further discussion followed about snow plowing by the town and the Board at and near the schools.

Mrs. D'Angelo said that she was concerned about the lack of public hearing at Conference meetings. She said that if the Board is concerned about time, a limit could be put on the length of time one could speak.

Mrs. D'Angelo moved that there be a limited amount of time at all meetings and conference for public hearing. Mr. Sliwinski seconded the motion.

Board members' comments followed.

Mrs. Frawley said that while she is President if there is public hearing at any meeting, she would not cut anyone off.

The roll was called and the vote was:

Yes - Mr. Barton
Mr. Baumgardner
Mrs. Cerone
Mrs. D'Angelo
Mr. Galioto
Mr. Sliwinski

No - Mrs. Frawley
Mr. Curcio

Absent - Mr. Rabasca

(Motion carried 6-2)

Board members received the following information items:
A memo concerning the impact of delayed opening on the morning kindergarten classes and a memo entitled Recalculation of Early Retirement Incentive Program.

Mr. Baumgardner asked why the staff has not been advised about the April make-up days.

Dr. Tryjankowski answered that when Dr. Glickman returns he will be sending information to the staff advising them of the change and the procedures to follow to establish who can be excused, etc.

Mr. Curcio and Mr. Barton took exception to excusing staff from attendance on the days added to make up for snow closing.

Mr. Sliwinski commented on this topic and also on a plan for making up morning kindergarten days. He said that he would like to see some of the "half days" made up also.

The meeting was opened for public comment.

(Carried unanimously)

Mr. Michael Bonomo, Assistant Principal of Bloomfield Middle School, introduced the report of the School Age Child Care Committee. Ms. Debra Sheehan, who has experience as a director of after school programs, and who is now working at Franklin School, introduced the committee members and reviewed the timetable for their recommendations. Ms. Gina Rosamilia, Supervisor of Education, reviewed the survey and the survey results. Assistant Superintendent Tryjankowski reviewed the space situation and reported on a visit to our schools by people from the after school program of the YMCA, who express their belief that their program would fit well in Bloomfield.

Board members' questions followed. Mr. Barton asked if the YMCA's after school program teachers are certified; Mr. Bonomo replied that they are certified.

Mr. Baumgardner discussed various options and asked questions about staff and time schedules. Mr. Bonomo responded.

Mrs. Frawley asked if the Board would have to help out financially needy families and Mr. Bonomo said that the "Y" does have some scholarships.

Mrs. Frawley asked if the Board would be liable for law suits. Board Attorney Nathanya Simon responded that anyone can sue, but they have to prove negligence and/or damages.

Mrs. Frawley inquired whether teachers hired by the "Y" were required to undergo any kind of a police check. Mr. Bonomo said that they were not.

Mrs. D'Angelo thanked Mr. Bonomo and the rest of the committee for having presented a comprehensive report. She said that she would be in favor of criminal history check on teachers in any such program.

Mr. Barton asked if the "Y" would bring in students from towns other than Bloomfield. Mr. Bonomo replied that this program would be available to Bloomfield children only and that they would try to hire a staff from Bloomfield also.

Mr. Curcio read into the record the resolution to establish before and after school child care provided by the Montclair YMCA in Bloomfield Schools as follows. Mr. Sliwinski moved the resolution and Mr. Rabasca seconded his motion.

"WHEREAS, the Bloomfield Board of Education established a committee to investigate the need for and options to implement before and/or after school programs; and

WHEREAS, the School-Age Child Care Committee surveyed Bloomfield elementary school parents and determined interest in each school; and

WHEREAS, the Committee found the Montclair YMCA to have experience in providing quality after-school programs in neighboring towns as well as interest in serving the needs of Bloomfield elementary school students;

NOW, THEREFORE, BE IT FURTHER RESOLVED, that the Bloomfield Board of Education authorizes the Superintendent of Schools to reach a satisfactory arrangement with the Montclair YMCA to provide before and/or after school child care/development services within Bloomfield's schools, starting September 1994, as a convenience to families. Such services may include school holiday, vacation and summer break times. There shall be no additional costs incurred by the district due to this program (e.g., custodial or equipment) unless such costs are reimbursed by the Montclair YMCA. Appropriate liability coverage must be in place by the Montclair YMCA. Permission to use school property is solely at the discretion of the Bloomfield Board of

Education. Any proposed agreement shall be subject to review and approval of Board Counsel and final adoption by the Board of Education."

He reviewed recommendations from Kinsey Associates, the soil analysis done by Rutgers University, and other "band-aid" solutions to the field's problems that have been used in the past. He said that the reconstruction of the football field and the grassy infield of the baseball diamond would cost approximately \$140,000.

Dr. Glickman discussed the condition of the field and asked the Board to hold off on a decision concerning Foley Field until at least after the budget presentation.

Mr. Galieto asked questions concerning the training of our staff about pesticide use.

Mrs. D'Angelo commented on spending money on a child's education versus on an athletic field, and said that she would want to wait until after the budget discussion before considering the issue of Foley Field.

Mrs. Frawley asked Mr. Weisman what the timetable was for the work to be scheduled at Foley Field and he replied that we would have to move swiftly in order to have work done during the summer months if the Board were to support these changes.

The Board agreed to hold off discussion on Foley Field until after the budget discussion.

Dr. Glickman introduced the topic of the 1994-1995 budget. He informed the Board of a letter received today via FAX from the Commissioner of Education regarding school budgets and state aid. He said that he believes the cap will be 4.2% on the net budget.

Overhead slides depicting different aspects of the budget were shown and discussed. Reductions in the budget were reviewed, including personnel and maintenance cuts.

The cuts in the maintenance budget assume that the \$140,000 remaining E.C.I.A. funds will be used for maintenance projects, not for Foley Field improvements.

Superintendent Glickman stated that he was confident that the community will support this budget even with the reductions proposed. A defeated budget would mean further cuts and a worse situation.

Board members' questions followed.

Mr. Barton asked about the size of classes and the need for aides, staff reductions versus the increase in the overall budget, and said that the actual increase in budget was 1.6 million.

Mrs. D'Angelo stated that the budget presented tonight was less than a maintenance budget with no hope of anything new in terms of services and programs.

Dr. Glickman said that the budget does provide for a computer lab at the high school and elementary TAC centers.

Mrs. D'Angelo asked for the cost of a real maintenance budget and discussed tax rates, maintenance budgets, etc. She suggested that the Board request a cap waiver.

Dr. Glickman discussed a cap waiver and the basis upon which the state would approve them.

Mr. Sliwinski commented on our spending versus other similar sized school districts. He said that there is a clear message that the costs of special education are increasing.

Michael Iannucci, Director of Special Education, presented the special education part of the budget to the Board. He answered Board members' questions regarding the special education budget.

Gary Weisman, Director of School District Facilities, discussed the maintenance part of the budget. He said that he believes that the items that remain in the budget are necessary for health and safety and to comply with state regulations.

Mr. Galioto commented on the budget, saying that when the original budget was presented on January 19 the cap was 6.5 to 7 percent with a projection of 11.3 percent. Now the budget is presented with cuts of 3.6 million dollars.

Dr. Glickman responded to Mr. Galioto's concerns and outlined the new cap information and what the original budget represented.

Mrs. D'Angelo commented on this evening's budget presentation, on Thorough and Efficient Education requirements versus the removal of South Junior High's oil tanks.

Mrs. D'Angelo went on to discuss the need for the district to request a cap waiver for this budget, and moved to do so. Mr. Sliwinski seconded the motion.

Mr. Curcio stated that since the Board had just received new budget information this evening, he believes several days to review it are needed.

Board discussion of the recommendations of the budget committee followed. Another meeting to consider the budget was planned for this week was discussed.

Mr. Sliwinski commented on the budget as originally presented versus the cap and stated that he feels there should be a 6 percent cap.

The roll was called on the motion to request a cap waiver, and the vote was:

YES - Mrs. Frawley
Mr. Barton
Mr. Baumgardner
Mrs. D'Angelo
Mr. Rabasca
Mr. Sliwinski

NO - Mr. Curcio
Mrs. Cerone
Mr. Galioto

(Motion carried 6-3)

Board President Frawley called a Special Meeting to be held at 7:30 p.m. on Thursday, March 17, 1994, to further discuss the budget.

Board members received the following information items: A newspaper article entitled "Feeling Better About Themselves," about a Bloomfield guidance counselor, description of a New Pre-School Handicapped Program at Demarest School, and Notices of Staff Vacancies.

The meeting was opened for public comments.

Gil Lopez Espina, a Bloomfield High School teacher, read a statement on the value of the high school art department to the culture in Bloomfield and what it means to the students at the high school.

Carmen Fornarato, of Grove Street, asked about the student trip to Italy during the April week and also about budget increases.

Spencer Tracey, a supervisor in the school district, made a statement in support of the technology programs and the effect of the proposed cut of one teacher in this program.

Jerry Nazaretto of Garrabrant Avenue suggested a "Town Meeting" presentation of the budget on local TV. He also spoke about his concerns with Foley Field, and suggested that a citizens committee be established to privatize Foley Field so that it could be upgraded.

Vicki Burnett of Franklin Street commented on the budget. She said that two years ago she could read the budget and understand it, but that now she cannot understand this budget. She said that she does not want anything cut.

Debbie Agens of Evergreen Avenue spoke in support of the fine arts and music programs in the Bloomfield schools.

Upon motion of Mr. Barton, seconded by Mrs. D'Angelo, the Board considered the following resolution:

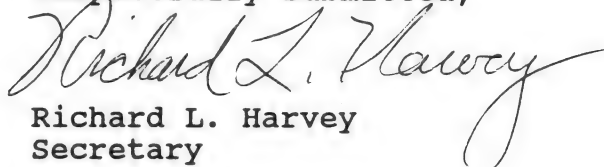

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on March 14, 1994, at the close of the scheduled meeting regarding personnel, legal and negotiations matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Motion carried 9-0)

There being no further business to come before the Board, meeting was adjourned at 11:06 p.m.

Respectfully submitted,

Mr. Harvey reviewed the budget and presented information based on State Aid and CAP which had been received on March 16, 1994. He discussed surplus funds and other revenues in next year's budget.

Dr. Glickman reviewed appropriations in the budget, proposed staffing cuts and additions, and equipment additions. He stated that he does not think we can add to this budget beyond what is in it as of today.

Mrs. D'Angelo moved to rescind the resolution of March 14, 1994, to file a CAP waiver appeal to the State Department of Education for the 1994-1995 budget. Her motion was seconded by Mr. Sliwinski.

The roll was called and the vote was:

YES - Mr. Curcio
Mr. Baumgardner
Mrs. Cerone
Mrs. D'Angelo
Mr. Galioto

Mr. Rabasca
Mr. Sliwinski

NO - None

ABSENT - Mrs. Frawley
Mr. Barton

(Motion carried 7-0)

Mr. Galioto suggested that the Board look into having four elementary principals serve eight elementary schools.

Dr. Glickman responded that to his knowledge you can no longer have a principal serve more than one school.

Mrs. D'Angelo questioned the elimination of two English teachers and a Social Studies teacher.

Dr. Glickman spoke of HSPT score concerns.

Mrs. Cerone suggested increasing class sizes in college preparatory/upper level classes.

Dr. Glickman stated that this budget reduces levels of service across the board and gives staff additional responsibility. He discussed elementary class sizes, various aspects and ramifications of staff cuts.

Further Board member discussion and questions followed, with Dr. Glickman responding.

Mr. Rabasca asked why the staff did not look at other places to cut. Dr. Glickman responded that it is the superintendent's responsibility to make recommendations to the Board and that many areas had been looked at.

Mr. Rabasca and Dr. Glickman discussed the addition of an ESL teacher because the number of students in such classes has grown to 180 this year.

Mr. Baumgardner stated that he is disappointed with the cuts presented and asked if cuts from other areas might be discussed.

Mr. Curcio reminded the Board that they had been discussing options for an hour and forty-five minutes and need to come to a reasonable conclusion.

Mr. Galioto commented on this proposed budget and questioned the addition of a secretary in the Special Education Department.

Mr. Weisman discussed capital and maintenance project budget cuts, and the staffing cut of one groundsman and one custodian.

Mr. Curcio asked Superintendent Glickman if he had any recommendation on how to use the balance of E.C.I.A. funds. Dr. Glickman recommended that these funds be used for capital projects, not for Foley Field improvements.

Mrs. D'Angelo recommended that the E.C.I.A. funds be used for underground storage tank removal/burner replacement and for teachers.

Mr. Harvey reported that he had received information from the Board attorney's office indicating that the deadline for underground storage tank removal has been extended until 1998.

Mr. Galioto asked if there was an alternate plan for Foley Field.

Mrs. Frawley arrived at 9:44 p.m.

Mr. Weisman discussed the long-term needs at Foley Field again, stating that fully rebuilding the field as originally discussed would be the best choice.

Mr. Galioto asked for cost figures for alternatives.

Mrs. Cerone asked about the need for smoke door replacements in the district. Mr. Weisman responded that, according to Captain Pross of the Bloomfield Fire Department, none of our buildings is in compliance with smoke door requirements.

Mrs. Cerone asked if the automatic gas shut-offs needed could be installed by our staff.

Mr. Sliwinski discussed cost increases necessary, stating that special education is a major cause of increases and conversely we have to make cuts in other areas.

A long discussion followed between Dr. Glickman and various Board members concerning adding certain things back into the budget, the consequences thereof, possible alternatives to cut from the budget, class sizes and enrollment projections.

A short recess was taken at 10:25 p.m.

The meeting was reconvened at 10:55 p.m.

Board members present were:	Mrs. Frawley Mr. Curcio Mr. Baumgardner Mrs. Cerone Mrs. D'Angelo Mr. Galioto Mr. Rabasca Mr. Sliwinski
-----------------------------	--

Absent:	Mr. Barton
---------	------------

Staff members present were:	Dr. Glickman Mr. Harvey Ms. Graef Mr. Goodwin Mr. Weisman Mr. Iannucci
-----------------------------	---

The meeting was opened for hearing of the public.

Elsa Napolitano of Newark Avenue asked why there were not cuts in the number of administrators and why the large salary increase for the Assistant Superintendent.

Gregg Burnett of Franklin Street asked several questions concerning the budget.

Mrs. D'Angelo moved that the Bloomfield Board of Education come up with a budget at 5.86% CAP and ask the citizens to vote on it. She said that even though it is higher than the present proposed budget, if the citizens of Bloomfield knew what was in it they would pass it.

Mr. Rabasca seconded Mrs. D'Angelo's motion.

A long discussion among Board members and administrators followed.

Mrs. D'Angelo repeated that she feels all cuts in staffing could be restored to the budget. She stated that she believes that all of the staff positions are necessary for our students and would prefer to let the voters decide.

Mr. Galioto said that there are people in the community who cannot afford a tax increase.

A discussion of tax impact ensued.

Mr. Curcio stated that he does not feel the voters will approve a budget containing \$1,000,000 in increased costs.

Mrs. Cerone said that she feels some cuts have to be made but has a problem with removing programs from the schools.

Mr. Curcio commented on Governor Whitman's campaign promise of 30 percent income tax cut to the people of New Jersey. This reflects the 5 percent cut she made this year. In light of this, we should stop fooling ourselves about school funding.

Mr. Rabasca commented further on the failure of the state to fund education.

Mrs. D'Angelo commented on sources of potential savings in the budget. She asked the Superintendent to look into other areas and let the Board know exactly what can be cut.

A straw vote was taken on Mrs. D'Angelo's motion to increase the budget CAP to 5.86%.

(Motion failed 4-5)

President Frawley stated that she would not support a budget with the kinds of cuts presented tonight, that the first priority should be education of the students.

The Superintendent asked the Board for a consensus on a budget direction, and discussed possible trade-offs. He said he needs to know the Board's position on the direction of the budget.

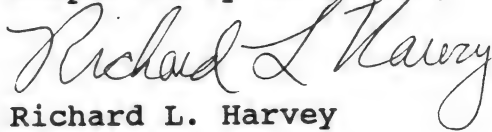

Extensive Board member discussion followed concerning things to be added back into the budget and other items which could be taken out of this budget.

The Board discussed the postponement of removal of remaining underground storage tanks and burner conversions in the district. Mr. Sliwinski moved to defer oil burner projects and use the money saved to reinstate emergency staff positions. This motion failed for lack of a second.

Superintendent Glickman again asked the Board to outline the level of a budget which they would support.

There being no further business to come before the Board, upon motion of Mr. Galioto, seconded by Mrs. Cerone, this meeting was adjourned by unanimous vote at 12:22 a.m. on March 18, 1994.

Respectfully submitted,

A Regular Meeting of the Board of Education of the Township of Bloomfield was held in the Library/Media Center of Bloomfield High School on Monday, March 21, 1994.

The meeting was called to order at 8:09 p.m. by President Frawley.

The following meeting notice was read:

The time, date and location of this meeting are listed in the Annual Notice schedule which was delivered to THE INDEPENDENT PRESS and BLOOMFIELD LIFE, and mailed to THE NEWARK STAR LEDGER and THE HERALD & NEWS on April 27, 1993, posted on the bulletin board in the lobby of the School Administration Building on April 27, 1993, and delivered to the Township Clerk of the Township of Bloomfield on April 27, 1993.

Board members present were: Mrs. Virginia Frawley
Mr. Richard F. Curcio
Mr. Thomas C. Barton
Mr. Jay J. Baumgardner
Mrs. Josephine Cerone
Mrs. Annette D'Angelo
Mr. Richard Galioto
Mr. Michael Rabasca
Mr. Ronald Sliwinski (8:37)

Staff members present were: Dr. Edward Glickman
Dr. Elaine Tryjankowski
Mr. Richard L. Harvey
Mr. Ralph H. Goodwin
Ms. Judy Graef
Mr. Gary Weisman
Mr. Michael Iannucci
Nathanya Simon, Esq.,
Board Attorney

There were twenty-five interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Frawley.

Upon motion of Mr. Curcio, seconded by Mrs. Cerone, the accepted the Fire Exit Drill Reports for February, 1994.

(Carried unanimously)

Mr. Harvey presented the 1994-95 school year budget for consideration and adoption. Using slides, he presented the proposed General Fund revenue forecast, a comparison of the Tax Levy for the 1993-1994 budget that the proposed 1994-9995 budget and a comparison of the Tax Levy for calendar year 1993 and 1994.

Dr. Glickman reviewed the proposed staff cuts at the high school based on the March 21 proposal.

Mr. Iannucci reported on a meeting held today with administrators regarding cutting a high school guidance counselor rather than the career education coordinator.

Mrs. D'Angelo asked Mr. Iannucci the number of special education cases that the counselors follow and how many counselors there are at the high school.

Mr. Sliwinski arrived at 8:37 p.m.

Mr. Iannucci responded that there were now eight counselors, not including the Career Education Coordinator and the Crisis Counselor, neither of which have a regular counseling load. The regular guidance counselors will have 226 to 245 students to counsel including some special education students. He discussed the case load of special education counselors and other sources which may be utilized by special education students. He suggested the possibility of hiring an intern to work with the guidance staff to help with clerical duties.

Mrs. D'Angelo commented on the help that the crisis counselor has given the guidance staff.

Mrs. Frawley expressed concern about the reduction in the high school guidance department and said that it will directly effect the students' academic life by reducing services and making it harder for them to meet with their counselors.

Ms. Graef reported that Dr. Szabo has assigned a School Aide to the guidance department to help with clerical work.

Mrs. D'Angelo commented on the class size of 31 versus the Board policy goal class size of 25, and the need for more emergency positions.

Dr. Glickman said that reducing class size would require adding back four positions. He said that he had reviewed class size in Oak View, the school in question, and suggested considering split grades or an aide in the classroom.

A discussion of the removal of English as a Second Language from Fairview School followed.

Mrs. D'Angelo stated that she could not support class sizes of 31 students.

Mr. Sliwinski said that the only way to equity on class size is redistricting. He said that the Board has to come up with a budget and feels that this budget proposal represents a good compromise.

Mrs. Cerone said that the Board has a policy on class size concerning 25 to 26 students in first grade.

Mr. Rabasca said that he believes that the class sizes will probably go higher in the fall. He said that he believes the problems created now by having these class size numbers and cutting in the guidance area will cause problems later in middle school and high school, and he wants parents made aware of these problems. Mr. Rabasca said that he is not sure he can support these cuts.

Mr. Curcio, who lives in the Oak View neighborhood, said that the 31 student class size could be 36 or 26 by September, and will be remedied by the Board if necessary.

Mr. Baumgardner partially agreed with Mr. Curcio. He said that he can see four grades that might have to be split. He is concerned about the possibility of having to cut extracurricular activities. He sees a danger for the future in having to use a large amount of surplus funds now. He said that maybe the Board should reinstate staff and cut more extracurricular activities.

Dr. Glickman commented on staff cuts versus activity cuts.

Mr. Baumgardner said that he believed the budget presented tonight was equitable and he can support it.

Referring to the March 18th proposal containing twenty-four staff cuts, Mr. Galioto asked what kind of an education will our children get if these cuts are made.

Dr. Glickman responded that they would still received a "great" education and explained why.

Mr. Galioto said that he realizes that cuts have to be made and the Board has to rely on the superintendent and his staff.

Mr. Barton said that he is confident that the superintendent received input from principals and other staff before making these cuts. He said the budget is a plan, and that we can only speculate on what may happen to class size in the fall. He said that he can live with this budget.

Mrs. D'Angelo said that in her thirteen years as a Board member she has never heard any administrator recommend a class size of 31 for nine and ten year olds. HSPT scores in districts with these class sizes are the districts which have lower scores. She cannot support this kind of class size situation.

Dr. Glickman commented on the need to budget for what you feel you can provide for in the budget.

Mrs. Frawley discussed the projected enrollment for 1994-95 and what the public will support in terms of a school budget.

Mr. Curcio called the question as to whether or not the Board supports the proposed staff cuts.

Mr. Sliwinski asked about add backs in staff from last week's proposals.

The result of a show of hands on the proposed sixteen staff cuts instead of twenty-four were as follows: Six yes votes and three no votes (Mrs. D'Angelo, Mrs. Frawley, Mr. Rabasca).

Dr. Glickman reviewed a list of proposed staffing increases prepared for this meeting. He commented that just as the Board wrestles with these kinds of cuts, so does the staff in developing the budget.

Mr. Rabasca stated that he wants assurance of the added ESL and wants to know what are the plans for evaluation of ESL. Dr. Glickman responded that students would be evaluated versus a program being evaluated.

Mr. Sliwinski spoke on the move, since the last budget presentation, of \$90,000 from oil burner conversion to other projects. He suggested putting the \$90,000 into regular education programs or cutting it out altogether. He said that he does feel the budget is both economically and educationally feasible.

Mr. Sliwinski recommended that the Board utilize one half of the \$90,000 reduction from oil burner conversion for an instrumental music teacher and cut the other \$45,000.

Board discussion of possible budget savings from cutting projects and adding to the educational side continued for quite a while.

After clarifying several proposals discussed, Mr. Sliwinski moved to accept the budget as presented with the one change of removing \$90,000 from projects and allocating \$45,000 to restore the fifth grade instrumental teacher.

Mr. Curcio seconded the motion.

Mrs. D'Angelo moved to amend Mr. Sliwinski's resolution by using the \$90,000 cut from projects to rehire both a fifth grade instrumental music teacher and one elementary teacher.

Mr. Rabasca seconded Mrs. D'Angelo's motion to amend Mr. Sliwinski's motion.

The roll was called and the vote was:

YES - Mrs. Frawley
Mrs. Cerone
Mrs. D'Angelo
Mr. Rabasca

NO - Mr. Curcio
Mr. Barton
Mr. Baumgardner
Mr. Galioto
Mr. Sliwinski

(Motion failed 4-5)

Mrs. D'Angelo moved to split the question in the original motion to vote on cutting the projects and to vote on restoring the music position. Mr. Rabasca seconded her motion.

Mrs. Cerone asked what the purpose of the amendment is and Mrs. D'Angelo responded to Mrs. Cerone's question.

Mr. Barton called the question on the amendment and the results were:

YES - Mrs. Frawley
Mr. Curcio
Mr. Barton
Mrs. Cerone
Mrs. D'Angelo
Mr. Rabasca
Mr. Sliwinski

NO - Mr. Baumgardner
Mr. Galioto

(Motion carried 7-2)

The roll was called on Mrs. D'Angelo's move and the vote was:

YES - Mrs. Frawley
Mrs. Cerone
Mrs. D'Angelo
Mr. Rabasca

NO - Mr. Curcio
Mr. Barton
Mr. Baumgardner
Mr. Galioto
Mr. Sliwinski

(Motion failed 4-5)

The roll was called on the original motion to reallocate \$90,000 in the proposed school budget for 1994-1995, and the results were:

YES - Mr. Curcio
Mr. Barton
Mrs. Cerone
Mrs. D'Angelo
Mr. Rabasca
Mr. Sliwinski

NO - Mrs. Frawley
Mr. Baumgardner
Mr. Galioto

(Motion carried 6-3)

The meeting was opened for public comment on agenda items.

Greg Burnett of Franklin Street addressed comments to the Board about five emergency positions in tonight's budget proposal rather than three, saying that this will cost approximately \$150,000. He asked Dr. Glickman what the budget totals and what the fixed costs portion is. Dr. Glickman responded that the total is \$40,246,766 and the fixed costs are eighty percent.

Mr. Burnett discussed various staff cuts and said that he would rather see money transferred to support regular teachers rather than emergency positions. He questioned the practice of transferring money within the budget after approval by the County Superintendent of School and the voters.

Mr. Burnett asked about the resignation of Superintendent Glickman and whether money has to be budgeted for a superintendent's salary in 1994-1995. He suggested using Dr. Tryjankowski as acting superintendent and setting up a steering committee to find a new superintendent. Mr. Curcio responded that there will be a break, but we will have a new superintendent.

Mr. Burnett thanked Mr. Harvey for postponing his retirement for one year to see the district through another change in superintendents.

Vicki Burnett of Franklin Street commented on Superintendent Glickman's resignation and disagreed with the hiring of a consultant to search for a new superintendent. Mrs. Frawley responded that a consultant was needed to assist the Board in the initial phases of interviewing and screening references.

Mrs. Burnett commented on the five emergency teaching positions proposed, saying that there has always been three in past budgets. She also commented on the change in the spring vacation.

Sandy Siedsma of Essex Avenue thanked the Board to restoring the fifth grade instrumental music teacher position.

Roger Marchegiano, math supervisor and athletic trainer, thanked the Board for providing for health and safety considerations in athletic programs. He said he knows the spring athletic trainer position was one of the cuts recommended by the Athletic Director and he wished to comment on the many services provided by the trainer.

Mr. Galioto asked if the trainer was cut in this budget and Dr. Glickman responded that it was.

Paul Pricenski, 21 Walter Street, commented that the Board should be talking in terms of priorities rather than in "cuts." He presented his opinions on various aspects of the budget and state mandates.

Mr. Curcio moved to adopt the \$40,246,766 proposed budget for the school year 1994-1995 and submit it to the County Superintendent of Schools on March 23, 1994, as required by the Administrative Code. Mr. Sliwinski seconded the motion.

Board member's comments followed.

Mr. Sliwinski said that this budget will be below per pupil average expenditure.

Mrs. D'Angelo commented on the cut of \$45,000 for underground oil tank removal/burner conversion. She said that she does not believe this budget supports the quality of education the township wants.

Mr. Baumgardner said that the surplus appropriation concerns him. He understands the need to keep taxes down but he feels this budget is too low. However, he will vote for it.

Mrs. Frawley said that she hopes the Board members voting yes for this budget will support it and help to convince the public that it is a good budget.

The roll was called and the vote was:

YES - Mr. Curcio
 Mr. Barton
 Mr. Baumgardner

(Motion carried 9-0)

Mr. Sliwinski thanked Dr. Glickman and wished him the best of luck. He said that Dr. Glickman has been a Superintendent who is interested in the children.

Urban School Boards and the NJASA have asked school districts to join together to challenge inadequate school funding in New Jersey. Superintendent Glickman read the following resolution into the record:

"WHEREAS, in its 1990 decision in Abbott vs. Burke, the New Jersey Supreme Court required the State of New Jersey to enact legislation to assure that the educational funding of poorer urban districts is substantially equal to that of property-rich districts, so as to provide a thorough and efficient education to the children of the poorer urban districts; and

WHEREAS, the Quality Education Act, enacted for that purpose has been declared unconstitutional by the Superior Court of New Jersey, Chancery Division, for failing to comply with the requirements of Abbot vs. Burke; and

WHEREAS, the appeal of that declaration is now pending before the New Jersey Supreme Court; and

WHEREAS, the State of New Jersey may enact further legislation to provide interim funding for all school districts for the school year 1994-1995; and

WHEREAS, the Bloomfield Board of Education wishes to be in a position to challenge such legislation promptly in the event that it fails to comply with the mandates of Abbot vs. Burke and the matter now pending and consequently results in inadequate funding for the District for the 1994-1995 school year; and

WHEREAS, for purposes of economy and effectiveness the Bloomfield Board of Education wishes to join with other districts which may also challenge such legislation in a single action;

NOW, THEREFORE, BE IT RESOLVED THAT Bloomfield Board of Education does hereby appoint Michael S. Rubin, Esq., of the law firm of Schwartz, Simon, Edelstein, Celso & Kessler to act as special counsel for those Boards which join in this action, including the Bloomfield Board, and for the said law firm to take such action as is appropriate, including litigation, on behalf of the participating Boards; and

BE IT FURTHER RESOLVED that the Board President and Board Secretary is authorized to execute a retainer for such services with the aforesaid law firm, providing for hourly billings, invoiced to and paid monthly from a common fund established for this purpose by the participating Boards, at a rate to be agreed upon, subject to the condition that the total cost to the Bloomfield Board of Education shall not exceed the sum of Seven Thousand Five Hundred and 00/100 Dollars (\$7,500.00) for legal fees and for a proportionate share of documented out of pocket expenses except upon the further Resolution of this Board; and

BE IT FURTHER RESOLVED that this Resolution shall not take effect unless eighteen (18) school districts agree to participate in any such effort and to accept responsibility for legal fees and costs upon terms and conditions identical to those provided herein; and

THIS RESOLUTION is passed in accordance with that exception to the public bidding laws of the State of New Jersey which exempts professional services."

Board member discussion and questions followed.

Mr. Baumgardner asked from where the money for this litigation would come in next year's budget.

Dr. Glickman replied that the funds would come from the category of legal fees. He went on to comment further on the recent cuts in State aid to school districts.

Mr. Baumgardner commented on the amount of legal fees paid by the district and that there are still negotiations to come. He expressed concern about next year's budget again.

Dr. Glickman replied that legal fees and negotiations are two different budget categories.

Mr. Rabasca said that he does not disagree with this litigation, but feels we should have been the leader .

Mr. Sliwinski agreed that we need to be pro-active, to do whatever it takes. He suggested that the district set a monthly statement and curb our legal expenses to that.

Mrs. D'Angelo commented that "no one will listen unless we make a lot of noise."

Mrs. Cerone said that she had received notice that there is a hearing on State funding scheduled for April 6, 1994.

Mr. Galioto commented that two weeks ago the Board was considering cutting legal fees and now they are asked to commit an additional \$7,500.

Dr. Glickman replied that all districts are in the same position and all will benefit.

Mrs. Cerone, seconded by Mrs. D'Angelo, moved that the Board vote on this resolution.

The roll was called and the vote was:

Mr. Barton
Mr. Baumgardner

Board members received an update on the After School Program.

The meeting was opened for hearing of the public.

Bill Smith of Elizabeth Court commented the resolution concerning State aid to districts.

Don Yentzer of Oak Ridge Road commented on the budget and suggested a public hearing so that the public can analyze the budget.

Upon motion of Mr. Barton, seconded by Mr. Rabasca, the Board approved the following resolution:

Mr. Galioto said that, because this might be his last meeting as a member of the Board, he wanted to stress the danger of the broken paver situation in front of the high school and his belief that the Board should direct that this condition be repaired immediately.

Mr. Weisman responded that the high school staff is on top of this situation every day and it will be repaired later this year.

Mr. Rabasca asked whether it would be block or sidewalk and Mr. Weisman responded that it would be sidewalk.

Mr. Galioto discussed the Atlantic City convention last fall and asked Dr. Glickman what he learned there and asked Dr. Tryjankowski for a report. Both responded.

Dr. Glickman spoke on the value of conferences and workshops to Board members, teachers and the educational program in general, and urged Board members to participate whenever possible.

Mrs. Cerone agreed with Dr. Glickman on the value of workshops for Board members.

Dr. Glickman introduced Dr. Szabo who spoke with the Board about Saturday make-up classes needed due to school closings for bad weather, the parent group supporting "Project Graduation," and outlined the "Senior Saturday" program to the Board.

After further discussion Mrs. D'Angelo moved that the board accept the concept of "Senior Saturday," pending approval of the program and curriculum by the Superintendent of Schools and the County Superintendent of Schools. Mr. Barton seconded the motion. A vote was taken and the motion carried unanimously.

This meeting was recessed at 8:01 p.m. by Mr. Curcio.

The meeting was reconvened for Public Hearing on the 1994-1995 School Budget at 8:15 p.m.

The following Board members were present:

Mrs. Frawley
Mr. Curcio
Mr. Barton
Mr. Baumgardner
Mrs. Cerone
Mrs. D'Angelo
Mr. Galioto
Mr. Rabasca
Mr. Sliwinski

The following staff members were present:

Dr. Glickman
Dr. Tryjankowski
Mr. Harvey
Ms. Graef
Mr. Weisman
Mr. Edelstein

The Superintendent of Schools and his staff presented the 1994-1995 school budget.

Dr. Glickman gave an overview of programs, priorities, costs for programs and comparison of costs.

Dr. Tryjankowski talked about computers for the TAC Centers, new textbooks, staffing changes and improvements and staff development.

Ms. Graef reviewed proposed personnel cuts.

Mr. Galioto asked that if it is known by the end of August that we do not need the three additional teachers, will they go back to being three emergency positions.

Dr. Glickman responded. He cited the County Superintendent's concerns, our history of budget defeats, and the enrollment patterns in Bloomfield. He said that he believes that these positions will be needed.

Mr. Galioto made further comments about the Board's credibility and the County Superintendent of School's returning of our budget for changes before he would approve it.

Mr. Edelstein responded that the only recourse that the Board would have to bypass the County Superintendent's approval would be an expedited appeal to the Commissioner of Education.

Dr. Glickman spoke about the state aid process.

Mr. Weisman gave an overview of operations and facilities needs and outlined maintenance and capital project plans.

Mr. Barton commented that the plant budget is separate from the bond issue that has been talked about.

Mr. Harvey reviewed the tax impact of the 1994-1995 budget.

The meeting was opened for public hearing on the school budget.

Jayne Skimbo, a student at Bloomfield High School, spoke against cuts in the gymnastics program.

Dorothea Burns, Supervisor of Language Arts, spoke on cuts in the high school budget, especially the all school production cut.

John Shanagher of Belleville Avenue, a teacher at Bloomfield Middle School, read a statement concerning cuts in the proposed budget.

Warren Valentovic, 169 Hoover Avenue, asked many questions concerning County Superintendent's approval of the budget, class sizes, student body activities, and budget surplus. He praised the Board for coming up with a budget with economies in it. He commented on the passage of only four school budgets in Bloomfield in the last eleven years.

Donald Yentzer, of Oak Ridge Road, commented on the budget and expressed many concerns for the tax payers of Bloomfield. He stated that he is voting against the budget, but he does support the Board's efforts to run a decent school system.

A discussion between Dr. Glickman and Mr. Yentzer followed concerning salaries, the budget process, and the process this Board went through to develop this budget.

Russell Roemmele, Editor of *The Independent Press*, asked about the budget surplus after the 1994-1995 appropriations. He made a statement on Governor Whitman's efforts to reduce state spending and her promise of tax cuts. He commended the Board on its efforts in working to hold down the budget.

Barbara Boglio, of Woodland Road, asked why redistricting has not been done so far since the class sizes are large in some schools.

Dr. Glickman answered that redistricting has not been accomplished so far because people have a problem with it. Parents do not want bussing and the costs of busing are high also. Also, the cost of re-opening a school is very high.

Phil Doyle, 73 Stonehouse Road, asked if they were going to get any better information than this; Dr. Glickman responded.

Linda Oliver of Hazelwood Road questioned the number of students in the ESL program at Fairview School. Dr. Glickman responded that there are fifty-five children in the program now and it is projected that there will be forty in the program next year. He said the Board has some options to develop a plan which will have a positive impact on class size next year.

Board members commented on the proposed budget.

Mr. Sliwinski said that he would definitely vote yes on the budget. He made a statement on the budget and on the need for the community to support this budget to prevent further cuts.

Mr. Rabasca commented on the cuts in the gymnastics program.

Mr. Galioto said that he was concerned about the cuts in gymnastics program and in all the athletic programs. He said that the budget is low and that the Board had worked very hard to keep the tax impact down.

Mrs. D'Angelo commented that the township's budget is the Town Council's responsibility. She said that although she had

voted no on the proposed budget at the March 21st meeting, she believes steps have been taken to eliminate some of the things she objected to, such as large class sizes in several schools.

Mrs. Cerone said that she will vote yes for the budget, but she feels hesitant because she did not get projected kindergarten numbers.

Mr. Baumgardner said that he will vote yes on this budget. He said he was glad that the crisis counselor was added back at the Middle School. He said he is concerned about the surplus and that he would have liked more money going to maintenance. He believes that the changes made by the Essex County Superintendent did not affect the bottom line figure of the budget.

Mr. Barton agreed with Mrs. D'Angelo that money can be found somewhere for the all school production and the gymnastics program. He discussed the athletic programs in general.

Mr. Curcio said that he would vote yes.

Mrs. Frawley said that she cannot support this budget because it is too low and she is concerned with all of the cuts. However, she said she will vote yes for this budget because she has no choice.

Upon motion of Mr. Curcio, seconded by Mr. Sliwinski, the Board considered the following resolution:

"RESOLVED, that the amount of money estimated to be necessary for the operation of the public schools of the Township of Bloomfield, County of Essex and State of New Jersey for the school year beginning July 1, 1994 and ending June 30, 1995, exclusive of state and federal aid and receipts from other sources, is Thirty Two Million, Two hundred eighty six thousand, Six hundred and Nine Dollars (\$32,286,609.00) as per the proposed budget attached hereto and summarized as follows:

Dr. Tryjankowski spoke about the program at Watsessing.

Mr. Galioto asked about plans for the work to be done at Foley Field.

Mrs. D'Angelo commented that she believes that the Board needs to have complete knowledge about what is in the budget and what is out. She said that hearing just tonight that the Board of Education had cut Project Success from the budget this year has upset and embarrassed her.

Mr. Petrillo agreed with Mrs. D'Angelo's comments and said that he believes it is important that the Board does not vote blindly on such issues.

Mr. Sliwinski discussed budget cuts and requested information on what has happened with changes in the budget and programs.

Mrs. Cerone announced an Essex County School Boards Association meeting on May 19 for the sake of the new Board members.

Mr. Curcio reviewed his goals for 1994-1995. He requested that the Board members list their ten top goals and bring them to the May 16 Board meeting.

Board members received the following information items: Board Member Roster Information, Board Member Summer Vacation Information Sheet, notice of Essex County School Boards Association Dinner Meeting, NJSBA County Association Leadership Survey, a to the Bloomfield Soccer Booster Group concerning use of Foley Field, a copy of a Letter to the Editors of both local papers from A. Sholty, correspondence concerning the Superintendent search, invitations to the Music Parents Banquet, invitations to the BEA Dinner, and Notices of Staff Vacancies.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on May 16, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

The meeting was opened for public comments.

William Smith of Elizabeth Court congratulated the new Board members on their election and Mr. Galioto on his re-election. He read aloud a letter concerning the use of Foley Field by the Soccer Boosters league.

Dr. Glickman responded that a letter prohibiting the use of the field was sent with the intent to preserve the field and allow the grass to grow in preparation for the fall sports program.

Mr. Weisman reviewed the efforts over the past several years to improve the surface of Foley Field.

Mr. Curcio read aloud a letter from Dr. Glickman to the president of the Soccer Boosters dated April 25. He asked Dr. Glickman if he felt the soccer league should be allowed to use Foley Field for the balance of its scheduled program, three Sundays over six weeks.

Dr. Glickman responded that he would not recommend this use by the soccer group.

After Board member discussion, President Curcio asked the Board members if they still wanted to allow the Bloomfield Soccer Boosters to use Foley Field.

Mrs. D'Angelo moved to reaffirm the Board's permission for the Bloomfield Soccer Boosters Club to use Foley Field. Mrs. Cerone seconded the motion.

Further Board member discussion followed.

Mr. Galioto said that the growing season will be over by the time the soccer season is over and that all the efforts to grow grass will have been wasted if permission is granted.

Mr. Sliwinski said that he defers to the expertise of Mr. Weisman and Mr. Galioto, but still will support soccer league.

Mr. Barton said that he thought that the soccer club would move to the Middle School fields.

Bill Smith responded with some background of the soccer organization.

Mrs. Cerone commented on the value of Foley Field and of the sports programs available to children in Bloomfield.

A vote was taken and the motion carried with 5 yes votes and 4 nays.

Ernest Steffanelli of Overlook Terrace read a statement concerning the boys basketball program and it's record over the past seven years and said that he feels it is time to change the course of the program by appointing a different coach.

Dr. Glickman said that coaches are employed and evaluated on an annual basis and he could not comment on individual personnel matters.

Bob Martin of Palmer Street made a statement in support of Mr. Steffanelli's position.

Donald Collins of Ashland Avenue expressed support for a change in the high school basketball program and urged the Board to make a change in the coaching staff.

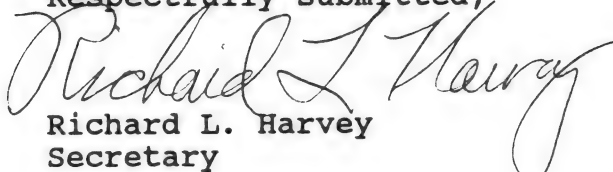

Bob Guardabasco, of Park Avenue, said that he was disturbed at the lack of information for voters without children in the school system. It seems that the only election information was that sent home with children.

Dr. Glickman responded that there was less information to the public this year because the late receipt of budget information from the state did not leave enough time to disseminate budget information before the election.

Mr. Curcio thanked the staff of Channel 38 for televising the Board of Education meetings.

There being no further business to come before the Board, upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, this meeting was adjourned by unanimous vote at 10:49 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

The Pledge of Allegiance to the American Flag was led by President Curcio.

Mr. Curcio opened the meeting, commenting on the efforts of the Township Council to keep to keep taxes down, on the effect on the Township of the Board of Education budget defeats. He asked that the Council make no further reductions in the budget as the Board had already made substantial reductions in the budget.

Mayor Norton commented on the superior budget preparation this year and the Board's efforts to hold down the tax impact.

Councilwoman Palagano thanked those Board members who met with Council members on May 9, saying that her questions had been answered at that time.

Mayor Norton asked for comments and/or questions from Council members and Township staff.

Mr. Wojak spoke about his review of the Board of Education budget prior to its being voted on. He reviewed the defeated budget process used in the past and how it has worked. He thanked the Superintendent of Schools and the Board of Education staff for their cooperation in dealing with the questions and information that the Township Council asked for. He said that health costs need to be negotiated with the employee groups.

Councilman Crecco asked questions about the special education programs and costs.

Councilman Stefanelli said that he believes Mr. Wojak has a "handle" on the budget.

Board members' comments followed.

Mrs. D'Angelo spoke of how other towns handle similar problems. She spoke of health benefits costs and special education costs. She spoke about legal fees and the fact that our legal counsel has agreed to cut our negotiation costs by forty percent due to the budget situation.

Mr. Michael Iannucci

There were thirty-five interested citizens present.

The Pledge of Allegiance to the American Flag was led by Vice President Barton.

Dr. Tryjankowski and James Barton, Principal of Franklin School, introduced Kim Cook, who demonstrated and spoke about the "Kimepper," a Braille beeper that she has invented. Board members comments and discussion followed.

Board members commented on the PHASE Program and discussed introducing a sensitivity program for our students about handicapped people.

Joseph Abramo, Supervisor of Education, presented the K-8 Health Curriculum and reviewed the activities of the Health Curriculum Committee over the past two school years.

Board members' questions and comments followed.

Mrs. D'Angelo asked how many parents came in to review the materials, and Mr. Abramo responded that approximately fifteen to twenty parents had reviewed the curriculum materials. She asked what concerns these parents may have expressed, and Mr. Abramo said that one parent was concerned about the description of homosexuality in the materials. Mr. Abramo explained to this parent that homosexuality was included because children often see this life style in their friends' lives or in the media.

Dr. Tryjankowski announced that all of the curricula will be on the agenda for approval on June 20, 1994.

The meeting was opened for hearing of the public on agenda items.

Reverend David B. Hall of St. John's Lutheran Church offered the use of the church's facilities to show the tapes to parents.

Robert Harney of Sunset Avenue asked how the budget resolution affects the Academically Talented program. Superintendent Glickman responded that there is no reduction in the A.T. program listed in the budget.

Mr. Harney asked how the Desegregation grant monies would be used. Dr. Tryjankowski responded, describing the grant distribution, and Dr. Glickman said that this was actually a 1993-1994 grant which had been held up by the state.

Paul Yarmchuk of Hyde Road commented on the A.T. program, expressing parents' concerns about possible budget cuts in this program.

Maxine Becker of Glenwood Avenue spoke on the health curriculum tapes and requested that the vote on the new curriculum be delayed until more parents are able to review the tapes.

Dr. Glickman commented on the actual amount of parental participation in previewing the health program tapes. He said that parents have the option of not having their children participate in the health program. The option also exists to teach the material to children older than recommended by the producers of the series. He said that the Board has made an effort to inform parents by putting notices in the local papers.

Mr. Sliwinski asked when the Board will vote on the health curriculum.

Dr. Tryjankowski replied that the vote was scheduled to be taken on June 20 along with the rest of curriculum proposals.

Gabe Maschelli of Broughton Avenue commented that it is vital to coordinate family life topics with parents.

Elaine Goodell of North End Terrace asked if a copy of the Academically Talented curriculum was available for parents to review.

Mrs. D'Angelo commented on the history of budget defeats in Bloomfield, the possible cuts Board members had discussed, and the district's surplus fund condition, and asked parents to take all of these things into account.

Mrs. Cerone said that she had been ready to recommend that the Board appeal \$250,000 reduction mandated by the Town Council but said that she will go along with this list of cuts now.

Mr. Barton said that he is concerned about cutting the area of free use of the buildings, because the buildings do belong to the town.

Under Old Business, Mr. Galioto asked questions about figures quoted in a newspaper article. Mr. Curcio responded that the committee would meet next week and then update the Board.

Under New Business, Mr. Iannucci, reviewed the estimated costs for the year for occupational and physical therapy services for the handicapped.

Board member discussion and questions followed.

Mr. Curcio said that according to an article in "School Board Notes," the issue of state mandated pay for school boards is dead for another year.

Board members received the following information items: A notice of retirement letter from John Galvin, "thank-you" notes from retiring/retired employees, Notice of Staff Vacancies, a letter regarding Sunset Classic, and parking signs to be used for Graduation.

The meeting was opened for public comment.

New Jersey Assembly Person, Marion Crecco, of 15 Parsons Court, spoke on the Family Life curriculum, expressing concerns. She said she feels the Board did not provide enough opportunity to working parents to see the videos and materials.

Dr. Tryjankowski responded to some of these concerns and Board members commented on the topic of the Family Life curriculum.

Patricia Mendoz, 84 Laurel Avenue, commented on the films for the fifth and sixth grades and said that she was satisfied with them.

Gary Skinner commented on the Health Curriculum and thanked the Board.

Kathy Pramba of Baldwin Place presented petitions with 250 signatures from Fairview School to restore two elementary librarians.

Bill Rutherford, of Ferncliff Road, asked about the maximum class sizes. Dr. Glickman responded, saying that budget cuts have forced class sizes larger than in the recent past at some grade levels.

A discussion of space and other program needs followed.

Mr. Rutherford gave the Board a petition for the two fifth grades at Oak View.

Pat Curry of 235 Sylvan Road spoke in favor of Alan Balnicki, a sixth grade teacher at Oak View who is being transferred. She said that this is a loss for Oak View students.

Bill Smith, 42 Elizabeth Court, spoke in favor of the Soccer Booster Club, stating that he wants the high school soccer team to use Foley Field so that the Soccer Booster Club can use Foley Field facilities. He said that Athletic Director George Middleton will not approve this unless the rest of a curb is removed from the Foley Field track.

Gary Weisman responded, saying that the removal of the curb would cost three to four thousand dollars. Also the field would need to be regraded. He spoke about complaints from residents in the area about soccer games at the middle school on Sundays.

Upon motion of Mr. Barton, seconded by Mr. Petrillo, the Board approved the following resolution to meeting in closed session:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on June 20, 1994, at the close of the scheduled meeting regarding personnel and legal matters.

Board of Education Bloomfield

PUPILS

ATTENDANCE

The Board of Education requires that the pupils enrolled in the schools of this district attend school regularly in accordance with the laws of the state. The educational program offered by this district is predicated on the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance will be required of all pupils enrolled in the schools during the days and hours that the school is in session, unless it is shown to the satisfaction of the Board that the mental condition of the pupil is such that he or she cannot benefit from instruction in the school or that the physical condition of the pupil is such as to prevent attendance at school or the pupil is absent for disciplinary suspension. All absences occasioned by the observance of the pupil's religion on a day approved by the Board as a religious holiday shall be excused, and no pupil so excused shall be deprived of any award of eligibility or opportunity to compete for any award of the opportunity to make up a test, try out for an activity or select a course/program, if a written excuse signed by a parent of, or a person standing in loco parentis to, the pupil is presented to the proper school authority.

In accordance with statute, the Board shall require from the parent of each child or from an adult pupil who has been absent from school or from class for any reason a written statement of the cause of cause of such absence. The Board reserves the right to verify such statements and to investigate the cause of each absence. The Board may report to appropriate authorities infractions of the law regarding attendance of pupils below the age of 16.

PUPILS

ELEMENTARY - (Grades Pre-K - 8)

Absenteeism - Pupils in excess of 10% of total possible days while school is in session will receive a written warning stating that if the absences continue, the child may be in jeopardy of failure and/or legal action taken by the school district.

Pupils in excess of 15% of the total possible days school is in session will receive a "Notification of Excessive Absenteeism" form signed by the building Principal and Superintendent of Schools. Excessive absenteeism may result in grade level retention and/or legal action being taken by the school district.

Building Principals may send "Notification of Excessive Absenteeism" whenever a student reaches the 15% limit. Excessive absenteeism or tardiness without just cause shall be brought to the attention of the Superintendent of Schools.

Conference - A conference will be held with the parent/guardian when absences exceed the attendance requirement. The building principal will determine whether retention or legal action will be taken. Consideration will be given when pupils illness is a contributing factor. Documented proof of illness may be required.

SECONDARY SCHOOL - (Grades 9-12)

Review Panel - An attendance review panel shall be established in each school to review individual cases when absences exceed the attendance requirement. The Review Panel will make recommendations to the building principal. Consideration will be given when pupil illness is a contributing factor. Documented proof of illness may be required.

Absenteeism - Pupils in excess of eight (8) days during one (1) semester course or sixteen (16) days during a full year course (excluding approved religious holidays, approved school related activities, approved personal emergencies, and death in the family) are not qualified to receive the assigned credit for that course.

PUPILS

The pupils permanent record shall indicate WF (Withdrawn Failing), and no credit shall be earned.

Class Cutting and Truancy - Pupils who are absent from class without authorization while being in attendance on the day of that class shall be referred to the main office for cutting class. Pupils who are truant (absent from school without authorization) will receive cuts in each class missed that day. Pupils accumulating a total of three (3) cuts in a course shall be permanently removed from that course and shall be disqualified from receiving the assigned credit for that course.

Unexcused absences from school or from classes within the school day constitute trancies and shall be subject to the disciplinary rules of the Board. Repeated trancies that interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction may result in the suspension or expulsion of any pupil from the course of study during which absences have occurred or the suspension or expulsion from school of a pupil over sixteen years of age, in accordance with Policy Nos. 5410 and 5420. Before any such action is taken, every effort shall be made to identify the habitual truant, investigate the cause or causes of the pupil's behavior, and consider the modification of the pupil's educational program.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate is below ninety percent for the district or below eighty-five percent in any one school, the Superintendent shall develop and implement an attendance improvement plan. The attendance rate shall be calculated by dividing total pupil days present for all pupils by the total possible pupil days for all pupils and multiplying the result by one hundred.

Under New Business, Mr. Iannucci, Director of Special Education reviewed and discussed with the board the establishment of a new self-contained Neurologically Impaired class at Bloomfield Middle School.

Mr. Sliwinski moved, seconded by Mr. Petrillo, that such a class be established. A vote was taken and the motion carried 6-0.

The expansion of Therapeutic Services for the High School population was discussed.

Mr. Barton arrived at 8:25 p.m.

After discussion, the Board asked for more detailed information to consider before acting on this subject.

Mr. Iannucci requested approval to enter into a contract with the Essex County Educational Services Commission to hire an on site Occupational Therapist from them to work within the Bloomfield school district for 2-1/2 days per week.

Mr. Petrillo reported on the Essex County Commission meeting held on June 23 when the sharing of services for occupational therapy between Montclair and Bloomfield was approved.

Mr. Sliwinski commented that this concept is a step in the right direction.

President Curcio asked the Board to consider voting now on the concept of this service. He said that the contract must be reviewed for legal requirements.

Mr. Petrillo moved that the Board of Education agrees with the intent of the half-time services with the Essex County Educational Services Commission, subject to review by the Board Attorney. Mr. Sliwinski seconded the motion. A vote was taken and the motion carried 7-0.

Board members received the following information items: NJSBA's Report on Tenure Reform, Notice of Staff Vacancies, Thank you notes from retired employees, and a letter from the Bloomfield Commission of Civil and Human Rights.

It was decided that Mr. Klein and Dr. Tryjankowski will handle the proposal presented in the letter from the Bloomfield Commission on Civil and Human Rights.

The meeting was opened for public comment.

Kim Riley of Sylvan Road, President of Oak View Home & School Association, spoke about the transfer of Alan Balnicki, a teacher, from Oak View. She asked the Board to reconsider as the parents are upset. She asked if this transfer was at the request of the principal.

Dr. Glickman responded that this transfer was made on the principal's recommendation due to staff reductions and that he had agreed to it.

Eugenia Karydes, Vice President of Fairview Home & School Association, requested that Mr. Galioto not be their representative for 1994-1995, and gave the Board a petition to this effect.

Don Yentzer, of Oak Ridge Road, made a statement on transfers, budget cuts during 1993, health benefits costs, cost per student index information from the New Jersey School Boards Association, budgeting of Central Office positions and various statistical data and taxation per pupil.

A discussion of tax impact versus per pupil costs between Mr. Yentzer, Dr. Glickman and Mr. Curcio followed.

Under Old Business, Mr. Galioto spoke about the petition signed by Fairview parents requesting that he not be the Board of Education representative to Fairview Home and School Association. He said he understands that a number of people who signed the petition did not see the cover letter and that the information in this letter was not true. He questioned Mr. Curcio about whether or not he knew about the letter before the petition was forwarded.

President Curcio responded that although it is his role to assign members to represent the Board to each Home and School Association, he believes any changes would require full Board agreement.

After Board discussion, it was agreed that Mr. Galioto would remain as Board of Education representative to Fairview Home & School Association.

President Curcio spoke about a tree falling on Oak View School property due to damage from carpenter ants. He requested that Gary Weisman solicit bids to remove any other such hazardous trees on our school properties.

Mr. Galioto suggested that we use the township tree department.

Board members received the following information items: EWT and HSPT Test Results, Bloomfield Athletic Department *END OF SEASON REPORT*, petition regarding Fairview Home & School, Notice of Staff Vacancy, and a memo concerning removal of curbing at Foley Field.

Mr. Sliwinski discussed the HSPT and EWT testing programs.

Dr. Tryjankowski presented a report on these tests and the district's efforts to help those students in need of remediation based upon the results of these tests.

Mrs. D'Angelo asked Dr. Tryjankowski to explain the meaning of the "newspaper number" which only reports the October testing and not the spring testing results.

Dr. Tryjankowski replied that 96.6 percent of our students have passed all parts of the tests and both sessions should be considered.

Mr. Sliwinski asked questions about comparative data with other districts.

The meeting was opened for public comment.

Bill Smith of 42 Elizabeth Court, asked questions concerning the removal of curbing from Foley Field. Mr. Weisman responded. Mr. Harvey responded that there was a need to look at the whole picture in considering improvements at Foley Field.

Robyn Sims, 582 East Passaic Avenue, a parent of two special education students read a statement to the Board concerning the 1994-95 settlement between the Board and herself regarding her child's program.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on July 12, 1994, at the close of the scheduled meeting regarding personnel and real estate matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

There being no further business to come before the Board, upon motion of Mrs. Cerone, seconded by Mr. Barton, this meeting was adjourned by unanimous vote at 9:00 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

Upon motion of Mrs. Cerone, seconded by Mr. Petrillo, the Board approved the following resolution:

"RESOLVED, that the Bloomfield Board of Education approve the Memorandum of Understanding reached with the Bloomfield Public School Service Association for a collective bargaining agreement for the period July 1, 1993, through June 30, 1995."

(Motion carried 7-1, with Mr. Galioto voting no)

Under Old Business, the superintendent relayed the Essex County Superintendent's commendation on Bloomfield's graduation rate.

Mr. Galioto spoke about a booklet on drugs and substance abuse distributed in Union Township and said that he wondered if our Board was willing to look into this type of information for distribution to young people in Bloomfield. He suggested that possibly the township and/or the Home & School Association would share the costs of publishing such a pamphlet.

Superintendent Klein spoke about the Township's letter requesting that school children not be allowed to go home at lunchtime because of the cost to the Township for Crossing Guards. He suggested that this subject be discussed with the principals and with the Township. He also said that the Board should consider what compliance with the Township's request would cost the school district in additional lunch aides.

Board members received the following information items: a letter from the New Jersey Department of Education concerning Desegregation Grant Aid for 1994-95. Notice of Staff Vacancies, and the Final Report of the Summer Arts Workshop.

Mr. Klein spoke about Desegregation Grant Aid which Bloomfield will receive during this year.

Mr. Galioto mentioned that there is equipment available from Schering Corporation buildings which the district may be able to obtain.

The meeting was opened for public comments. There were none.

Upon motion of Mrs. Cerone, seconded by Mr. Galioto, the Board approved the following three resolutions:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on August 22, 1994, at the close of the scheduled meeting regarding personnel and legal matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on August 24, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

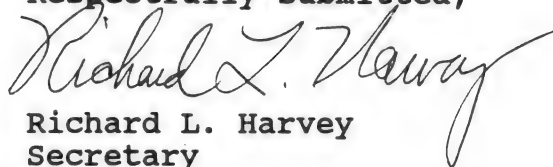

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on September 12, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

There being no further business to come before the Board, upon motion of Mrs. D'Angelo, seconded by Mr. Petrillo, this meeting was adjourned by unanimous vote at 8:55 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

Bloomfield, New Jersey
September 12, 1994

A Regular Meeting of the Board of Education of the Township of Bloomfield was held in the Library/Media Center of Bloomfield High School on Monday, September 12, 1994.

The meeting was called to order at 8:05 p.m. by President Curcio.

The following meeting notice was read:

The time, date and location of this meeting are listed in the Annual Notice schedule which was delivered to THE INDEPENDENT PRESS and BLOOMFIELD LIFE, and mailed to THE NEWARK STAR LEDGER and THE HERALD & NEWS on May 3, 1994, posted on the bulletin board in the lobby of the School Administration Building on May 3, 1994, and delivered to the Township Clerk of the Township of Bloomfield on May 3, 1994.

Board members present were: Mr. Richard F. Curcio
Mr. Thomas C. Barton
Mr. Jay J. Baumgardner
Mrs. Josephine Cerone
Mrs. Annette D'Angelo
Mr. Richard Galioto
Mr. Anthony Petrillo
Dr. Nicholas Rizzitello
Mr. Ronald Sliwinski

Staff members present were: Mr. Melvin Klein
Dr. Elaine Tryjankowski
Mr. Richard L. Harvey
Mr. Ralph H. Goodwin
Ms. Judy Graef
Mr. Michael Iannucci
Stephen Edelstein, Esq.,
Board Attorney

There were ten interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Curcio.

Upon motion of Mrs. D'Angelo, seconded by Mr. Barton, the Board approved the minutes, as amended, of a Special Board of Education Meeting held on Tuesday, April 5, 1994.

(Motion carried 7-0-2, with Mr. Petrillo and Dr. Rizzitello abstaining)

Superintendent Klein gave the Board an update on opening day, 1994. He reviewed elementary school class sizes and effects of budget cuts. He said that the enrollment in the kindergarten at Franklin School requires an aide by law. He requested the authority to use \$80,000 emergency fund to solve such problems throughout the district. He said he is hesitant to finalize plans until he has had the chance to discuss class sizes with all of the principals. He said that he believes the Board will have to deal with upgrading facilities and redistricting in the next year or so.

Dr. Tryjankowski reported on the monitoring done by the State Department of Education last year, that the district had passed that monitoring. In fact, Bloomfield was commended by the

State Department of Education for having exceed the standard for attendance and for the EWT reading test scores. We are now certified by the State for the next seven years.

Dr. Tryjankowski reported on the opening of the YMCA After School Programs at Berkeley, Demarest, Oak View, and Watsessing Schools.

Mrs. D'Angelo asked why the After School Program was not being run at the other four elementary schools. Dr. Tryjankowski responded that the YMCA needed to have a minimum number of enrollees in order to open a program at a site and that other schools do not have this level of participation.

Mr. Galioto asked about using the local cable channels to publicize the fact that there is an after school program for people in the community.

Mrs. Cerone commented on the number of people who expressed interest in an after school program and the cost to parents of this program.

Mr. Sliwinski said that, from feedback he has gotten from the community, the problem seems to be that there is no morning portion to this program and that there is little financial break to the family with more than one child in the program.

Superintendent Klein commented on the "media blitz" in our schools last week. TV Channel 2 was at the middle school to film the lunch program and there was an article in the *Sunday New York Times* about "immigrant" students in Bloomfield. He spoke about the current bilingual programs being offered throughout the state of New Jersey.

Mrs. D'Angelo spoke of the Board's commitment to the public and parents on class size and thanked Mr. Klein and everyone who worked with him on the class size numbers and the attempts to solve this problem.

The meeting was opened for public comment on agenda items. There was none.

Under Old Business, Mr. Curcio discussed changing the dates of Board of Education meetings to the second and fourth Mondays of each month in order to complement Township Council meetings and asked the Board to consider this change.

Mrs. Cerone said that she feels that the Board has too much important business to deal with to meet only twice a month. Mr. Galioto agreed with her.

Mrs. D'Angelo said that she also feels that the Board cannot schedule meetings to fit in with Township Council meetings because we have too much business to cover.

Mr. Petrillo and Mr. Baumgardner both expressed the concern that the Board must meet when important items need attention.

Mr. Sliwinski said that he believes we could try to coordinate with the Town Council to avoid conflicts in meeting dates. Dr. Rizzitello agreed.

Mr. Barton said that he would not be against looking into the possibility of changing our schedule, but we do have a lot of business to consider.

Mr. Curcio said that he will review Board member comments on changing the meeting schedule and come back with a proposal.

Dr. Rizzitello discussed his original proposal to reconsider the BPSSA agreement. He said that he understands that since it is a labor contract, it cannot be reconsidered. However, he wants to be on record as opposing the contract with the maintenance/custodial staff as negotiated.

Superintendent Klein reviewed a drug information booklet and progress being made with Alliance and Dare people for such a booklet for Bloomfield.

Mr. Sliwinski commended the administration for getting information out to parents concerning the new health curriculum.

Mr. Barton spoke about use of Board of Education buildings and his discussions on this topic with Councilman Kane.

Mr. Sliwinski asked if anything was happening as far as having closed lunch periods in the elementary schools. Mr. Klein responded that he had reviewed this subject with the principals and there will be more study on the issue.

Dr. Rizzitello asked when all of the Board members will receive a report from the Facilities Committee.

Mr. Curcio said that the Facilities Committee has met a number of times and he anticipates that the reports will be made in November.

Under New Business, the Board discussed a request received to change the two-mile busing limit in order to accommodate a student. There was no support from any Board member to change the present limit.

Board members received the following information items: Regulation 5111, *ELIGIBILITY OF RESIDENT/NONRESIDENT PUPILS*, on first reading, Policy 5111, *ADMISSION OF NONRESIDENT PUPILS*, on first reading, New Jersey School Boards Association Membership Cards, Essex County School Boards Association Upcoming Events Calendar, Notices of Staff Vacancies, Student Enrollment as of September 7, 1994, and Bloomfield School District Community Information Calendar.

Mr. Barton updated the Board on changes in the Essex County School Boards Association calendar.

The meeting was opened for public comments.

Vicki Burnett, 223 Franklin Street, commented that she does not like to wait until the end of the meeting to be heard. She commented on a car fire at the South Middle School property and asked what the Board is going to do about this property.

Board President Curcio responded that the Board is attempting to sell this property.

Kris Hauck, of 21 John Street, spoke on class sizes at Fairview School, and requested an additional third grade teacher.

Mr. Klein responded that there will be some kind of relief for large classes but the remedies may not be all the same. He said that he has visited every elementary building since the opening of school.

Linda Oliver, a Fairview School parent, asked what is the maximum number of children allowed in a class before an aide is mandated by State law.

Mr. Klein responded that the only mandate is an aide in Kindergarten if the class exceeds twenty-five students.

Upon motion of Mrs. D'Angelo, seconded by Mr. Galioto, the Board approved the following two resolutions to meet in closed sessions:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on September 12, 1994, at the close of the scheduled meeting regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

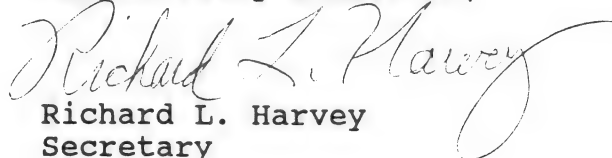

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on September 26, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

There being no further business to come before the Board, upon motion of Mr. Barton, seconded by Mrs. Cerone, this meeting was adjourned by unanimous vote at 9:34 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

Upon motion of Mr. Petrillo, seconded by Mrs. Cerone, the Board approved the minutes of a Regular Meeting of the Board of Education held on Monday, June 27, 1994.

(Motion carried 7-0-2, with Mrs. D'Angelo and Mr. Baumgardner abstaining)

Superintendent Klein reviewed changes in tonight's agenda, reporting that the testing report will be given at the October 3 meeting. He outlined actual cuts made in the district in order to meet our budget and outlined the need to find more money for aides and teachers due to larger class sizes which the district is experiencing this school year.

The meeting was opened for hearing of the public on agenda items.

Vicki Burnett, 223 Franklin Street, said that she had requested two weeks ago that the Board consider holding public hearing on all subjects early in the meeting. Mr. Curcio responded that the Board had not come to a decision yet on this issue.

Jeanette Mayer, 34 Elston Street, asked if a sixth grade teacher for Demarest was on the agenda tonight. She expressed concern about increasing enrollments in the elementary schools and the effect this will have on the middle school in a few years.

Mr. Klein responded that some short range and long range planning is needed to deal with these enrollment increases.

Mr. Curcio said that there are no simple answers, and that significant redistricting of the township's schools is needed.

William Savito, Demarest School parent, remarked on the large number of children in the first grade and asked about plans for the future to handle such increases.

Mr. Klein responded that larger enrollments will have to be considered when preparing the 1995-96 budget.

Carol Mango of 56 Davis Street, a Demarest School parent, asked where school aides were assigned, asked about fire safety, and asked who has the authority to assign students to Demarest.

Mr. Klein responded by discussing "courtesy" enrollment in schools for some students rather than enrollment in their neighborhood school when space is available and the Superintendent approves such assignment.

Michele McVicker, a Fairview School parent, asked if teachers aides are being added at that school. Mr. Klein responded that a district-wide review is underway.

Joanne D'Barbarie asked about the location of contaminated soil in the district and if it affects our children.

Mr. Weisman responded that there is heating oil contaminated soil near the fieldhouse at Foley Field. This will be excavated, removed and replaced with clean soil in the near future.

Representatives of the William Foley Football League (Bob Kent, President and Board Members Fred Celluro, Carmine Serchio and Ben Contella) passed out copies of their budget.

Mr. Contella outlined the history of the league and reviewed their attempts to start a team of children who are over the present weight limits (130 lbs.). He said that they had submitted their application for use of Foley Field in July and received their confirming copy in August. They claim they had no notice on the fees or on the lighting situation. He said they submitted a new application in August and were called and told that nothing would be approved.

Mr. Celluro and Mr. Serchio commented on what they felt to be poor treatment received by the William Foley Football League. Mr. Contella said that the Foley League has offset the sports programs eliminated at the middle school.

Vincent Esposito, 253 Ampere Parkway, made a statement concerning the merits of the Foley Football League and how important it is to the children who participate.

Sam Ciccone, Jr., 56 Farmingdale Avenue, also made a statement about the William Foley Football League. He said that he believes that the Police Benevolent Association will donate the \$2,000 that the league needs to cover the custodial costs.

Joan D'Barbarie, a William Foley Board member, representing J.V. cheerleading, spoke in support of the Foley group's activities.

Mr. Serchio spoke about money made from the food concession at Foley Field and how it is used.

Board President Curcio summed up, claiming that the real problems are class sizes and the defeated budget. He explained that the Board had not cut any funding for educational programs, but had to cut somewhere. Mr. Curcio then gave all Board members the opportunity to disagree with his statements. No Board member spoke in opposition to Mr. Curcio's comments.

Robert Kent, William Foley League, spoke about the fact that they were not notified in advance that they would be charged. Mr. Curcio agreed that there should have been notice before the program started.

Bob Edmonds, of Williamson Avenue, who represents Boy Scouts, spoke about the many different ways in which children can be educated, and the fact that it was hard to get people to volunteers as leaders today. He asked the Board to reconsider their policy about free use of buildings.

Mr. Joseph Barry, Jr., also representing scouting, outlined the effects on the scout troops' budgets if they had to pay for use of the buildings.

Mr. Curcio commented on the Recreation Commission's great use of school buildings and also on changes in budgets at the state level which have pushed the cuts down to the local level.

Joana Zurlo of Williamson Avenue spoke in support of scouting and their free use of school buildings.

Under Old Business, Mr. Klein reviewed the township's request that we coordinate the timing of our meetings with Township Council meetings.

Under New Business, Mr. Curcio said that there will be a negotiation committee formed for the contract with the principals and asked Board members to advise him if they wish to serve on this committee.

Board members received the following information items: Notices of Staff Vacancies and a memo concerning the purchasing of an FM system for hearing impaired.

The meeting was opened for public comment.

Vicki Burnett, 223 Franklin Street, commented on the budget not passing even though it was under cap.

Mrs. D'Angelo commented on the preparation of the 1994-1995 budget and the fact that some items were omitted without the knowledge of Board members.

Joe Prestiani of Franklin Street commented on the subjects of the closing of South Middle School, the interim superintendent and the assistant superintendent.

Robert Kent of the William Foley League thanked the PBA for helping them with costs of using school facilities this year.

Debbie Agens of Evergreen Avenue spoke in support of Cub Scout Pack 26 of Watsessing School and the use of the building for their meetings.

Darrell Moore, 56 Evergreen Avenue, commented that even as a new resident in the community, he can see the results of the budget cuts on programs in the schools.

Linda Oliver, a Fairview School parent, spoke about problems with mice at the school, requested a dumpster for Fairview, and the problem of glass in playgrounds. Mr. Weisman responded that he has asked the Township to sweep the Fairview grounds many times.

Judy Mahoney, 105 Spruce Street, spoke on behalf of the William Foley League also. She suggested that in order to save money, the Board should make Dr. Tryjankowski our Superintendent of Schools. She wanted to know why the Board is hiring a superintendent and giving raises to their employees but cannot afford two thousand dollars for the William Foley League. She also spoke about the problems in using Wright's Field.

Sam Ciccone again made comments on behalf of the Foley League.

Robert Mayer spoke about the lights at Foley Field and compared our facilities with Livingston, Nutley and other towns.

Ginger Palea asked questions about the YMCA After School Program costs and locations. Dr. Tryjankowski responded.

Vicki Burnett asked for an update on the South Middle School property. Mr. Curcio responded.

E. Henry Tuorto commented, as a citizen, about educational opportunity in our schools.

Upon motion of Mr. Galioto, seconded by Mr. Petrillo, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on October 3, 1994, at 7:30 p.m. regarding individual student and legal matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

There being no further business to come before the Board, upon motion of Mrs. D'Angelo, seconded by Mr. Petrillo, this meeting was adjourned by unanimous vote at 11:05 p.m.

Mr. Thomas C. Barton
Mr. Jay J. Baumgardner
Mrs. Josephine Cerone
Mr. Richard Galioto
Mr. Anthony Petrillo
Dr. Nicholas Rizzitello

Absent: Mrs. Annette D'Angelo

Staff members present were: Mr. Melvin Klein
Dr. Elaine Tryjankowski
Mr. Richard L. Harvey
Mr. Gary Weisman
Stephen J. Edelstein, Esq.,
Board Attorney

There were twenty interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Curcio.

Gilberto Lopez-Espina, a member of BASIC (Business and School Implementing Change), a committee of high school staff members, explained the purpose of this group, reviewed what they have accomplished and what their future goals are. He asked that everyone help by making sure that the lawns are kept "manicured" and all debris picked up regularly. Two other BASIC participants, Minette Zweben and Susan Schotka, were introduced and they reviewed in more depth the aims and activities of the committee.

Board members' questions and comments followed.

Mr. Barton asked who had built the new outside benches for the high school and was informed that two high school teachers had built them. Mr. Galioto asked Gary Weisman to request help from the township in keeping the outside environs of the high school clean, and Mr. Petrillo congratulated the committee for doing a great job in upgrading the grounds at the high school.

Ms. Schotka thanked Gary Weisman and other staff members for their help with the completed Earth Day projects. She said that approximately eighty-five students had participated.

204

Dr. Tryjankowski distributed visual materials and spoke about district wide testing. She reviewed changes in the IOWA Test (1993 edition) and reviewed the results of the EWT for ninth grade and the HSPT for tenth grade. She spoke about the testing program and scores for grades one through eight for Reading at 96% above MLP, Language Arts at 98% above MLP, and Mathematics at 89% above MLP.

Dr. Tryjankowski reviewed Bloomfield's scores in comparison with the national average, reviewed class profiles, NCTM, and changes in math requirements over the past few years. She said that an analysis of test results indicates that most of the students who did not exceed the state standard have not attended Bloomfield schools for all of their schooling. She reviewed those actions being taken to improve our instructional program, math and writing initiatives. She also went over an instructional "wish list" for those students needing more help to pass the HSPT test.

Board members' questions and comments followed.

Mr. Sliwinski thanked Dr. Tryjankowski for her fine presentation and said the he hopes some of these ideas can be put into place. Dr. Tryjankowski responded that hopefully some of these ideas will be incorporated into next year's curriculum program.

Superintendent Klein commented on the math and writing initiatives and the desirability of implementing what we can in the next few years. He also reviewed the needs of students who have come into the Bloomfield schools "mid stream" in their educational program.

Policy No. 7510, "Use of School Facilities" was discussed. Mr. Klein stated that we had not notified those people who would be effected by the change in this policy.

Mr. Harvey reviewed the problems caused by the change in free use of school facilities. He also outlined the date of the change and the budget reduction amount.

Mr. Klein reported that the Special Services department has placed a student out of district. This will be on the next meeting's agenda.

Mr. Klein spoke about budget preparation. He has asked that the staff look at what was cut last year and asked Dr. Tryjankowski to look at programs funded under the Desegregation grant. He reviewed the contributions of a Budget Committee in the past, but warned against taking away the responsibility of the administration to prepare and present an understandable budget.

Board members' comments and questions followed.

Mr. Baumgardner asked if Board members were going to get a "wish list" like last year or were they going to be more realistic right from the start.

Mr. Klein said that he hopes that the first budget to the Board is realistic in terms of what the children need; class size, make up for desegregation grant loss, increasing population, etc.

Mrs. Cerone commented about the need to keep the Board informed of program changes as the budget is developed.

Mr. Curcio asked if the administration had received any information on what the Cap would be. Superintendent Klein responded that there was no firm information released by the state as of yet. There were some numbers being kicked around, like a State Aid increase of 2 percent and a Cap of 4 percent.

Mr. Curcio introduced the subject of scheduling of Board meetings not concurrent with Town Council meetings. He said that looking at the meeting schedules for both, it appears that no change can be made between now and the end of December by the two groups.

Mr. Barton suggested that one group change their meeting night. Mrs. Cerone commented that the Township council had changed their meetings to Tuesday and it still did not work in terms of increased attendance. Mr. Galioto said that he feels the Board should stay with Monday night meetings.

Superintendent Klein withdrew discussion of Policy #5111, *ADMISSION OF NON-RESIDENT PUPILS*, for tonight.

Mr. Klein reviewed the topic of Medicaid funding, indicating that the state wants this as a revenue item for them and for the Board. He recommended that the Board not participate in this program because there are too many unknowns at this point.

Mr. Klein commented on the October 3, 1994, enrollment figures, saying that elementary enrollment has increased by more than fifty students since the opening of school on September 7, 1994.

The meeting was opened for hearing of the public on agenda items.

Gregg Burnett of Franklin Street made some comments concerning budget preparation. He stated that last year the Superintendent presented budget information to the Board in the form of numbers, but hoped that this year's impact information be given to the Board and to the public during the budget preparation period.

Mr. Burnett also discussed the use of secondary and elementary schools by outside groups. He suggested that the Board "grandfather" the groups most affected. He emphasized the fact that he is not a member of the Foley League.

Mr. Galioto asked if there had been publicity on the Board's change of policy in connection with use of facilities. Mrs. Cerone said that there had been discussion at the last Board meeting about custodial staff on duty during use of our facilities. Mr. Klein responded to these questions and concerns.

Joe Prestiani asked how many buses were used to transport children in Bloomfield, and Mr. Harvey responded.

Upon motion of Mrs. Cerone, seconded by Mr. Petrillo, the Board approved the following resolutions concerning bus transportation:

"RESOLVED, that the Board of Education rejects the bids received on Monday, October 3, 1994 at 11:00 a.m. for the transportation of students to Bloomfield Middle School on Route M-3, and

BE IT FURTHER RESOLVED, that the Board Secretary/School Business Administrator is authorized to re-advertise for these transportation needs."

RESOLVED, that the Board of Education award a contract to Station Wagon Service, Inc. of Totowa, New Jersey, for the transportation of students to Brookdale School, Bloomfield, New Jersey, on Route B-40, for their low bid of \$97.80 per date with a mileage adjustment factor of \$2.00 per mile, for the school year 1994-95."

Mr. Edward Flaherty updated the Board on the VISTE (Volunteers in Service to Education) Program and requested permission to post flyers on their programs in the schools. A discussion ensued between Mr. Curcio and Mr. Flaherty about the VISTE instructors and whether or not a background criminal check is done on the volunteers.

Board Attorney Stephen Edelstein spoke about the civil liability that the Board would assume if it allowed VISTE flyers and/or postings in our buildings. After further discussion, it was suggested that the VISTE Program advertise in the local newspapers.

Board members comments followed. Mr. Sliwinski stated that the spirit of volunteerism should not be discouraged.

A straw poll was taken on whether or not the VISTE Program information should be posted in the school buildings. The results were 4 to 5, with Dr. Rizzitello, Mr. Barton, Mr. Galioto, Mr. Petrillo and Mr. Baumgardner voting against.

Mr. Flaherty thanked the Board for the opportunity to inform people about the VISTE Program.

Mr. Baumgardner asked what the maximum capacity of the middle school is. He asked if anyone had input about amnesty for illegal students. There was no response.

A discussion followed about employee trip reduction.

Mr. Galioto asked if anything was being done about publishing a drug awareness booklet for our students, and was told that this idea is being reviewed. He commended our maintenance and grounds staff on the clean-up done at the South Middle School property and asked for information about how much this clean-up cost in man hours, etc.

Mr. Galioto asked about a time line for redistricting. Mr. Klein responded that it takes at least six months to plan it the correct way. Mr. Klein also stated that a master plan update will be due next June.

Mrs. Cerone said that she had not been in favor of the reorganization plan presented last year. Dr. Rizzitello asked about possibly forming a committee to study reorganization by the next Board meeting. Board member discussion on this topic continued.

Under new business, Mr. Barton discussed a Bell Atlantic grant based on creative thinking/communications in the classroom.

Mrs. Cerone commented about the recent town-wide Harvest Fest and suggested that the Board have a booth next year.

Mr. Curcio commented on Bill S496, which says that school districts are permitted to use BOCA code rather than UCC codes (A1832).

Mr. Curcio also spoke about the need to form a committee for negotiating a principal's contract. Mr. Petrillo and Mrs. Cerone volunteered to serve on this committee.

Board members received copies of a letter to Essex County Superintendent Peter E. Carter from Board Secretary Richard Harvey advising him that the Board has appointed Dr. Leonard H. Elovitz as Superintendent.

The meeting was opened for public comments.

Denise Burke of 90 Montgomery Street spoke, stating she wants the health curriculum tapes changed and for the issue to be "re-voted."

A discussion of various aspects of the health curriculum followed.

Ron Petrillo of Linden Avenue discussed the possible outcome of showing the film to the children and having them act out the material in school.

Dr. Tryjankowski responded that the curriculum has been sent to the printers and the school nurses have to be trained in the new curriculum. Therefore, it will be several weeks before the material is introduced in the classroom.

Sandra Jancinelli, 35 Conger Street, showed the flyer that had been sent home concerning the health curriculum, and Joe Prestiani, of Franklin Street, discussed his feelings about the curriculum and the videos being used within this program.

William Salvatto asked how we control and/or investigate illegal students in the schools, what the status of the South Middle School property is, and the status of tenure for Dr. Tryjankowski.

Mr. Klein responded. Mr. Curcio said that the South Middle School building needs to be renovated and that the Board has been reviewing some offers to purchase.

Sam Ciccone, 56 Farmingdale Avenue, asked about the hiring of a new superintendent, his financial compensation, sick time, etc. Mr. Curcio responded regarding the salary portion of the contract.

Board Attorney Stephen Edelstein outlined what is private and what is public information in the superintendent's employment contract. Mr. Edelstein stated that the document itself is not a public document.

Mr. Ciccone suggested a liaison committee between the Board, schools and other groups to exchange information and get people involved and knowledgeable about the schools.

Paul Prucinski, 21 Walter Street, made a statement regarding the superintendent search.

Carol Mango, 56 Davis Avenue, spoke about class sizes at Demarest School. She claims that there is a problem with the Fire Code versus the class sizes.

Mr. Klein responded. He explained what the present code states, and that the County Superintendent is the enforcer of

this code. He said he has spoken with the County Superintendent and with Fire Inspector Pross and all agree that the present situation is okay under fire rules.

Upon motion of Mr. Sliwinski, seconded by Mr. Petrillo, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on October 17, 1994, at 7:30 p.m. regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried 8-0)

There being no further business to come before the Board, upon motion of Mr. Sliwinski, seconded by Mr. Petrillo, this meeting was adjourned by unanimous vote at 12:18 a.m. on October 4, 1994.

	Mr. Ralph H. Goodwin
	Ms. Judy Graef
	Mr. Gary Weisman
	Mr. Michael Iannucci
	Stephen J. Edelstein, Esq.,
	Board Attorney

There were forty interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Curcio.

Superintendent Klein outlined the budget preparation process and asked for public input into the 1995-1996 budget.

Vicki Burnett, 223 Franklin Street, asked that the public be involved in the budget preparation and that terms which are not clear be explained. She asked that more be spent on education of the children, not on administration. She also requested a timely presentation of the budget.

Gregg Burnett, 223 Franklin Street, asked if we can keep the present programs taking the fixed amount of money we have now. The superintendent responded, explaining that cuts made in the past may have to be reconsidered along with maintaining the present programs. Another problem to be faced is the unknown of state aid and Cap for next year.

Paul Pruszinski of Walters Street asked what the new superintendent is going to do to make the system more efficient.

Lynda Cirkus of Ernst Avenue said that she would like to understand the present budget. Mr. Klein asked her to call him and he would set up a meeting to review and discuss the budget with her.

Mrs. D'Angelo commended the superintendent and the Board for placing this discussion early in the meeting. She said she feels there should be a liaison committee to give input to the Board on the budget.

Mr. Baumgardner suggested that budget information be published in the local newspapers.

The Superintendent recognized George Middleton, Director of Athletics. Mr. Middleton reported that our girls athletics program has received the NNJIL Girls Sportsmanship Award for the second consecutive year and presented the award banner to the Board and asked that it be displayed in the high school. He introduced and commended the coaches for girls sports. He also pointed out that the girls softball team had won championships in 1993 and 1994.

Mr. Klein recognized Bill Icklan, Principal of Demarest School, who announced that a new Special Education teacher at his school, Terri Baird, had received a 1994 Commissioner's Distinguished Teacher Award from the Department of Education. Only ten of these awards are given each year to promising young graduating teachers.

The discussion turned again to budget input.

Gerald Mulhilo of New Street asked if rumors he had heard concerning the cutting of indoor soccer and elementary basketball were true. Mr. Klein responded that these are programs run by groups which use the schools. The Board reduced the budget for such services and is charging the costs of custodial overtime to these groups.

Gregg Burnett of Franklin Street spoke about custodial overtime and an organization chart.

Mrs. D'Angelo moved that the Board establish a budget committee consisting of administrators, Board members and private citizens, so that the public would be better informed about the budget. Mrs. Cerone seconded her motion. A vote was taken and the motion carried unanimously.

Board members discussed the make up of such a committee and agreed that people could volunteer for the committee.

Mr. Klein continued with his report. He attempted to clarify what the master plan update is, saying that it deals with much more than just Forest Glen. He said that the state requires every school district to do a master plan update for its facilities every five years.

Mr. Klein explained that the family life/health curriculum is state mandated. The district has the freedom to decide how to handle topics and that he supports the way Bloomfield chose to do it through a committee of volunteers and staff members.

Mr. Curcio and Mr. Klein discussed reorganization of the district. Mr. Curcio said that the committee had met and that they feel there is a need for a short term plan first. Hopefully, this plan would feed into a long-term plan. There will be a discussion of district reorganization at a Conference Meeting in the near future.

Mr. Klein commented on the enrollment growth this year, the projections for next year and the class size problems we have and face.

The Board discussed Policy 7510, *Use of School Facilities*, which was most recently revised in December 1993. Mr. Klein commented that the wording is making it difficult to administer this policy. Mr. Curcio mentioned that there is no money left in the Community Service Budget due to the budget cut.

Extensive Board member discussed followed on where money might be found to support the restoration of the Community Service budget allotment and, thus, free use of school facilities for approved groups.

Mr. Curcio said that the Board has agreed to maintain the budget reduction. Thus, there will be no free use of buildings for fundraisers, etc.

Mr. Barton reported on meeting with the Recreation Department regarding joint use of various facilities in the township.

Superintendent Klein again discussed needed input for the preparation of a 1995-1996 budget. Mr. Klein outlined budget development activities to date for the 1995-96 budget.

Mr. Curcio announced that Dr. Elovitz will attend the October 24th Board of Education meeting.

Upon motion of Mrs. D'Angelo, seconded by Mr. Petrillo, the Board approved the Fire Exit Drill Report for the Month of September 1994 and the Monthly Suspension Reports for September 1994.

(Carried unanimously)

The meeting was opened for hearing of the public on agenda items.

Ginger Powell asked if the number of houses for sale was taken into consideration when preparing the five-year plan. She also wanted to know if the Home & School Associations will have to pay for their regular meetings now. Mr. Klein answered these inquiries.

Joe Prestiani of Franklin Street asked questions about the Family Life curriculum and gave his opinions as to what should be taught in these classes.

Lynda Circus of Ernst Avenue suggested that an attempt be made to involve retired and senior citizens in the schools.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the following personnel resolutions recommended by the Superintendent of Schools:

Under old business, Mr. Galioto asked if a letter had been sent to the Mayor and Township Council requesting that they change their meetings to Tuesday evenings. Mr. Curcio replied that no such letter had been sent out.

Mr. Galioto updated the Board concerning the family life petition presented to weeks ago, saying that there were signatures of people on the petition who were not residents of Bloomfield.

Dr. Rizzitello discussed a letter about the Family Life curriculum.

Mr. Baumgardner suggested that we hire a trainer and pay for his services through our sports insurance program.

Board members received the following information items: Information on Performance Assessment, Notices of Staff Vacancies, a letter from the Pastor of Sacred Heart Church and a thank-you note from June Powell, and Essex County School Boards Association correspondence.

The meeting was opened for public comments.

Vicki Burnett of Franklin Street comment on the Health curriculum tapes, saying the eighty to ninety percent of the materials is great. She said that she feels that the explicitness of some of the tapes for the fifth and sixth grades does not belong. She quoted a representative of the State on the code on Family Life Curriculum and discussed conversations she has had with Mr. Abramo. She feels that this curriculum should be such that no one has to opt out due to their feelings on its content.

Mr. Curcio responded.

Mr. Klein spoke on the educational value of what he has seen in the tapes and asked the question, "Are we taking on things that we should not?" He discussed the fact that children are bombarded by explicitly sexual materials by the media. He stated that parents should be teaching their kids about sex, but are leaving it to the schools to do this.

Mrs. Burnett asked the Board to reconsider the inclusion of the *Boy to Man* and *Girl to Woman* tapes. Mr. Klein responded that this curriculum is scheduled for April and May; therefore, a decision can be made at a later date.

Mr. Sliwinski asked if the Family Life committee still existed. The answer was yes. He also asked if they could be reconsidering this material.

Mr. Curcio responded that the committee was charged with making a recommendation, which they did. The Board agreed and adopted the curriculum. However, the Board can direct changes if it so desires.

Mr. Sliwinski said that he feels the committee should recommend any changes to the Board deemed necessary by December 1994.

Denise Bruce spoke against certain aspects of the tapes and curriculum and requested another vote on this issue.

Mr. Curcio commented on the recommendation received from the committee and the administrators and said that he believes any change recommendations should come from the administration.

Paul Pruszinski asked questions about out of district placements. Mr. Klein responded that these were in response to Child Study Team recommendations. Mr. Iannucci commented on costs of such placements.

Cathy Smith of 149 Essex Avenue discussed school overcrowding.

Robert Mayor, a resident and a teacher, praised the elementary basketball program. He said that he believes groups involved in use of schools should have been told about the change in policy.

Greg Burnett of Franklin Street spoke again about the health curriculum and "fine-tuning" this program.

Upon motion of Mrs. D'Angelo, seconded by Mr. Petrillo, the Board approved the following resolution to meet in closed session:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on October 17, 1994, at the close of the scheduled meeting regarding real estate and legal matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried 9-0)

There being no further business to come before the Board, upon motion of Mrs. D'Angelo, seconded by Mr. Baumgardner, this meeting was adjourned by unanimous vote at 11:45 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary

Interim Superintendent Klein introduced the topic of the 1995-1996 school year budget.

Paul Prusinski, 231 Walter Street, distributed a list of budget recommendations to the Board of Education.

Mr. Klein discussed the development of a Board Budget Committee.

Mrs. D'Angelo reported that a high school student, Emad Abdelnaby has expressed interest in being on the budget committee.

Mr. Klein updated the Board on information received up to this time concerning aid and caps.

Dr. Tryjankowski reviewed the district's Quality Assurance Annual Report for 1993-1994, the results of the first year of two year objectives in the schools. Twenty-two of twenty-four objectives were achieved and the other two came very close to being achieved.

Mr. Sliwinski commented that he would like to see five objectives per school rather than just one or two per grade.

The meeting was opened for hearing of the public on agenda items.

Paul Prusinski, 21 Walter Street, read aloud the following list entitled "Budget Climate:"

- "1. Militant school employees unions have gained increased salaries and benefits.
2. The increase of school programs stressing individualized services has produced a bloated educational bureaucracy.
3. By not approving school budgets, the public has sent the message to the Board that it is no longer willing to accept further increases no matter how laudable.
4. As individual salaries and benefits increase, the Board's ability to provide increased and better services for most of the students becomes more difficult - that is where we are today."

Upon motion of Mr. Barton, seconded by Mrs. Cerone, the Board approved the following resolution:

"RESOLVED, that the Bloomfield Board of Education approve the Out-of-District placements for the following students. The names of the students are on file in the Superintendent's Office and the Office of the Director of Special Education:

BLOOMFIELD BOARD OF EDUCATION
155 Broad Street
Bloomfield NJ 07003

E.C.I.A. Bills - October 24, 1994

Lan Associates

\$300.00

Mr. Sliwinski stated that "after talking to a number of Board members and after thinking about some of the community input that we've gotten, I would like to propose something that could help groups that have a hardship in coming up with the funds that they need to come up with right now" and give them "extra time to do fundraising to be able to pay the bill. This would be a recognition that we as a Board of Education want to make our facilities available to the community but because of budget constraints we cannot do that; therefore, our out of pocket expenses need to be repaid or reimbursed, nor does it change the premise that our expenses would have to be covered."

Mr. Sliwinski proposed the following resolution:

"In recognition of the Bloomfield Board of Education's interest in making it's facilities available for community benefit as much as possible within budgetary constraints, the Superintendent is hereby requested to defer requests for expense reimbursement from community groups that have a financial hardship in making such payments until May 1, 1995, as long as such groups agree in writing to make the payments."

Mrs. D'Angelo seconded this resolution.

Mrs. D'Angelo requested that the part of the resolution referring to the Superintendent be read again.

Mr. Sliwinski responded: "The Superintendent is hereby requested to defer requests for expense reimbursement from community groups that have a financial hardship in deferring such payments until May 1, 1995."

Mrs. D'Angelo asked the Board Attorney whether the wording of this resolution was proper.

Mr. Edelstein said, "I understand the intent of the resolution since it ... doesn't apply, as I hear it for the first time, to every community group that wishes to use the facilities but only to those which have a hardship. I interpret the language as seeking to give the Superintendent some discretion in determining which groups would qualify for the deferral and which wouldn't. If that's the intent, we can probably work on the language a little bit."

Mrs. D'Angelo stated: "I would like to commend Mr. Sliwinski for his creativity. I think that we all have to creatively finance our programs and we have to think of ways to make people comfortable with the factthat they are doing the kinds of things that help us to educate their children."

Mr. Curcio asked that if possible the Superintendent's office could commit an interpretation of the policy to writing and give to Home & School presidents so there is at least a common understanding of how that policy should be interpreted. He asked the Superintendent to circulate a draft of the interpretation among Board members to get their input before it is finalized. The policy will be released when finalized.

Mr. Curcio read the re-worded resolution into the record:

"In recognition of the Bloomfield Board of Education's interest in making its facilities available for community benefit as much as possible within budgetary constraints, the Superintendent is hereby authorized to defer requests for expense reimbursement from community groups that have a financial hardship in making such payments until May 1, 1995, as long as such groups agree in writing to make payments; and the Superintendent of Schools shall establish reasonable criteria for making such determinations impartially."

A vote was taken and motion passed 8 to 1, with Mr. Galioto abstaining.

Mrs. D'Angelo made a statement concerning that policies, saying that although policies are generally broad, the procedures for following through with policies should be more clearly defined. She stated that she believes that we should not change our policy per se.

Mr. Galioto reported that a student had darted out between buses at Bloomfield Middle School and his foot had gotten caught.

Superintendent Klein and the Board conferred regarding the 1995-1996 school year budget. The Superintendent reviewed the birth data, estimate of number of children entering school in the next five years, middle school population this year into next, and present elementary school class sizes.

Mr. Curcio reviewed data relative to lowering class sizes over the school years of 1995-96, 1996-97 and 1997-98. He reported that available classrooms do not include the room in each elementary school called the "TAC Center." He reviewed short-term options and the ratio of fixed to variable expenses.

Superintendent Klein spoke about the present situation in Bloomfield, saying that there are now more "at risk" children who are not necessarily special education students, but who need programs to help "catch up." He said that he believes that opening Forest Glen School is not the solution because only about eighty students can walk there. Looking at the numbers of students and what space there is, he said he believes that we need to maintain what we have with some redistricting. He suggested that the Board also has to look at allowing attendance at schools other than the child's neighborhood school, and that we may have to bus kindergarten students due to enrollment considerations.

Board members' questions and comments followed.

Mrs. Cerone and Mr. Galioto spoke of possible uses of Forest Glen, modular classrooms, and the possibility of moving the sixth grade to the middle school.

Mrs. D'Angelo mentioned the use of computer programs to help in redistricting the elementary schools.

Mr. Curcio reviewed "pairing" of schools, which had not been discussed in tonight's presentation.

Mr. Sliwinski said that he would not recommend options that add overhead costs, such as opening another building. He discussed his feelings about busing sixth graders versus kindergartners. He requested a survey to see what the public's opinion is regarding the organizational structure of the district.

Mr. Klein cautioned that the Board should not "get married" to one particular plan, but should always be open to all possible options for a long range solution to the district's facilities needs.

Board members received the following information items:
Notice of the Bloomfield Soccer Booster Club Annual Awards Banquet and State and Federal Mandates Project.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on October 24, 1994, at 10:45 p.m. regarding legal matters.

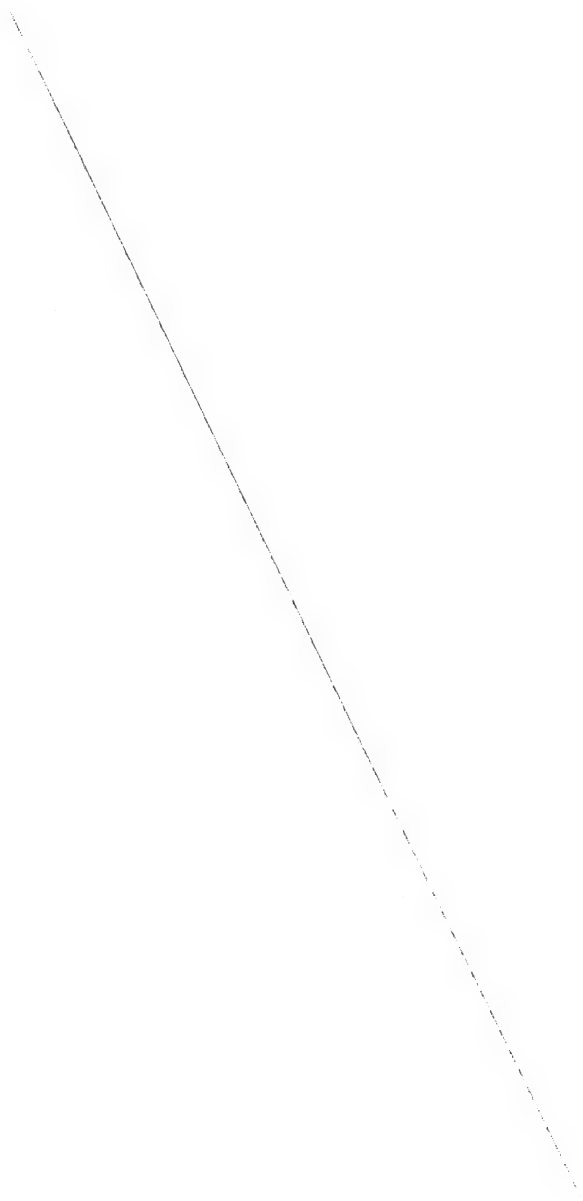

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried 9-0)

There being no further business to come before the Board, upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, this meeting was adjourned by unanimous vote at 10:26 p.m.

Respectfully submitted,

Richard L. Harvey

There were eight interested citizens present.

The Pledge of Allegiance to the American Flag was led by President Curcio.

The meeting was opened to input regarding the 1995-96 budget. Superintendent Klein commented that most of the input he has been getting from the public so far is that there is a need for more and better information about the budget.

There were no comments from the public concerning next year's budget.

Mr. Curcio spoke about a letter received from Bloomfield Adult School requesting a cooperative arrangement for fall of 1995. A committee, consisting of Mrs. Cerone, Chairperson, and Mr. Petrillo, was formed to look into this situation for the Board.

Mr. Klein reported that he has twelve names of citizens who would like to be on the Budget Committee for next year's budget. Mr. Curcio announced that he would Chair the Board Budget Committee and Mrs. D'Angelo and Mr. Sliwinski will be members.

Mrs. D'Angelo reported that the Board and the Recreation Commission have met and that Len Celluro will be their representative on the Budget Committee. She discussed other membership possibilities for the committee and suggested that meetings be open to the public.

Mr. Baumgardner asked if a list that existed from several years ago could be used to develop business people's participation in the budget process.

Superintendent Klein reported that National Honor Society inductions at the high school will be held on Tuesday, November 15, at 7:00 p.m.

Mr. Klein announced that a high school assembly will be held on November 8, at 8:55 a.m. to honor the fiftieth anniversary of the Class of 1944.

Mr. Klein discussed the possibility of public input on short range class size solutions and the budget implications involved.

Mr. Curcio commented on the article written by Madeline Hunter and Leonard Elovitz entitled "Determining Community - Survey to Soothsay."

The meeting was opened for public hearing on agenda items.

Joe Prestiani, of Franklin Street, said that he believed that according to a study done before the closing of South Middle School concerning potential student population, the remaining schools could handle the population. He asked if South Middle School could be reopened.

Mr. Curcio responded that today we are experiencing an increase in population. At the time the study was done before closing schools, population was on a downward trend. He discussed forecasting when school population will peak. He discussed projections based upon today's information and said that the old report was accurate for its time. He said that updated population projections and options for solutions will be forthcoming.

Mr. Klein discussed enrollment changes in Bloomfield since the 1970's to the present time, with a decline from eight thousand students to a little more than four thousand and then back up to approximately five thousand, where it is today.

Vicki Burnett, 223 Franklin Street, spoke about the closing of South Middle School and asked if it could be reopened. The response was that yes, it could be opened, but for a large price. Mrs. Burnett mentioned that she has heard rumors of a bond issue.

Mr. Curcio said that on November 21 the Board Facilities Committee will be making a report, which will contain recommendations regarding facilities.

Mrs. Cerone commented on the cost of the Englehardt Report and the validity of its results.

Upon motion of Mr. Petrillo, seconded by Mrs. Cerone, the Board unanimously approved the Suspension Reports and Health Office Statistics for the month of October 1994 and the Fire Exit Drill Reports for the month of October 1994.

Upon motion of Mrs. Cerone, seconded by Mrs. D'Angelo, the Board considered the following resolution:

"RESOLVED, that the Board of Education authorizes the Superintendent of Schools to have a retaining wall and other improvements constructed along the edge of the main baseball diamond at Foley Field to correct the erosion problem in this area at a cost not to exceed \$10,000; and

BE IT FURTHER RESOLVED, that the cost of these improvements be funded out of the balances remaining in the allotments for Foley Field work in the Essex County Improvement Authority Lease/Purchase Program."

Board discussion followed.

Mrs. Cerone asked if this work could be tied in with the work being done on the Third River. Mr. Weisman explained that this is a wall along the third base line on Foley Field and that he does not think it ties in with work on the Third River.

Further Board member questions and discussion followed.

Mrs. D'Angelo moved to table this resolution. Mrs. Cerone seconded the motion. A vote was taken and the motion carried 9 to 0.

Under old business, Mr. Curcio discussed the topic of adding a building at Forest Glen, possibly a modular. He said that after investigation, it was discovered that a modular would save time but not money. He reported that regular construction would cost approximately \$120.00 per square foot while a modular would cost \$120.00 to \$140.00 per square foot. The possibility of using "trailers" is only allowed if the Board has a funded plan for a permanent building in progress. Mr. Curcio reported that the Board is awaiting legal advice on the need for a full-time principal in a building used as a school annex.

The Board received an update on a meeting with the Recreation Commission last Thursday. Board members attending were Mrs. D'Angelo, Mr. Baumgardner, and Mr. Galioto. A committee will be formed, co-chaired by Gary Weisman, Director of School District Facilities, and Len Celluro, Recreation Commissioner, to attempt to work with a council of those groups who use Board facilities the most in an attempt to more efficiently coordinate scheduling of their use of school facilities.

Mr. Galioto asked about the possibility of the district publishing a drug information booklet for students and spoke about a student injury caused by a bus at the middle school.

Mr. Sliwinski discussed the assignment of custodians.

Under new business, Board President Curcio appointed Mr. Sliwinski to serve on the committee to search for a middle school principal, and Mr. Barton to serve on the committee to search for a business administrator.

Mr. Curcio announced that the GALS Banquet will be held on November 17.

Mrs. D'Angelo reported that a scholarship fund has been formed in memory of Hilda R. Taffet, former Board President and member of the Board.

Board members received the following information items: Notice of Staff Vacancy, a copy of the article, *Determining Community* by Madeline Hunter and Leonard Elovitz, and the Five Year Facility Maintenance Plan, 1990-1995, with update.

The meeting was opened for public comment.

Susan Hazen of 101 Grove Street complained that the bus picking up her child has been late eight times so far this year.

Vicki Burnett, 223 Franklin Street, asked about what activities Channel 34 (Bloomfield High School) will actually tape.

Mrs. D'Angelo spoke about the TV Arts course at Bloomfield High School, the goals of which is to teach what it is like to produce and edit a TV show and how to use all of the equipment.

Mrs. Burnett asked for an update concerning her questions asked about the health curriculum several weeks ago.

Dr. Tryjankowski responded that six letters excusing children from the health curriculum have been received from parents in all of our schools. She also reported that the films will be available for viewing all day on November 21 at the Administration Building.

Mr. Curcio and Dr. Tryjankowski commented on rumors and misleading information concerning the health curriculum circulating in the community.

Mr. Galioto stated that during the second week in October he took the tapes home and looked at them and he is very comfortable in supporting these in our health curriculum.

There being no further business to come before the Board, upon motion of Mr. Galioto, seconded by Mr. Barton, this meeting was adjourned by unanimous vote at 9:45 p.m.

Paul Prucinski, 21 Walter Street, commented on various programs in the curriculum. He also discussed the fact that he feels that the Board can do more to unify the community and get their support for the school budget, and suggested some ways in which the Board can do this.

Ann Post, a high school math teacher, responded to Mr. Prucinski's comments. She complimented Coach Carter for his real professionalism both on and off the field and on the 6-2 season record of the football team. She commented on class size in the elementary schools. She spoke in support of the high school crisis counselor position and recommended that it not be eliminated. She pointed out the positive spirit of the high school staff and students.

He truly cared about the district and he showed that in every hour of every day that he worked here."

Mr. Sliwinski thanked Mr. Klein for restoring the positive spirit in the schools and to the community.

RE: *Bloomfield Life Article of November 17, 1994*

Mr. Quintavella,

While I am certain your parody will never win a Pulitzer Prize, nor will you receive an "A" for accuracy (i.e., I only own 2 cars, I don't drive a van, 25% of a \$40M budget is \$10M not \$5M,...etc.), I am very interested in your assertion that "25%" of the school budget is wasted. Given the rising costs of education throughout the nation, you obviously have found something that every school district in the United States has somehow missed - ***"How to cut your budget by 25% and not affect the quality of services delivered"***.

Therefore, I am inviting you to become a member of the Budget Committee of the Board of Education. As we plan for the 1995/1996 school year, you will have an opportunity to personally show the Board, the Administration and the Community where this \$5M (\$10M if you really meant 25%) pot of gold is hidden.

Please call the Superintendent's office at (201) 680-8555 to confirm your acceptance. I will contact you as to the first meeting date.

Sincerely,

Copy to:

RE: Additional Bill to be Paid

Due to my absence on Wednesday, November 16, the following payments to Andrew Cannella Roofing Co., Inc. were not included in the bill list for tonight's meeting. Please add them.

Purchase Order No. 4216, \$5,830.00

Purchase Order No. 2394, \$1,400.00

cc: Accounts Payable

Under old business, Mr. Galioto asked about the progress of a district wide drug information booklet. Mr. Klein said that he believes a letter will be coming from the Municipal Alliance indicating that they will not be able to support this project.

Mr. Galioto asked if there had been any resolution of the problem with school bus traffic at the middle school. Mr. Klein replied that there was not resolution as yet.

Mr. Galioto asked for an update on the plans for improving the turf at Foley Field. Mr. Weisman answered that we would be following through with a turf management program. A discussion followed concerning the wear and tear on the field because of heavy use. Mr. Weisman outlined a plan to upgrade the turf which would require closing the field for at least one year.

Mr. Galioto moved that the Board close Foley Field for one year to allow the maintenance department to rebuild it and to allow the field to develop during this time period.

Dr. Rizzitello seconded this motion for the purpose of discussion.

Mrs. D'Angelo suggested that a committee be formed to study the problem and to recommend a course of action.

Mr. Galioto asked Mr. Weisman to express his opinion, and Mr. Weisman said that he believed that rebuilding and resting the field would be the best route.

Mr. Barton said that he believes the issue needs to be explored for the effect on all sports programs before this issue can be decided.

Mrs. D'Angelo called the question.

The roll was called and the vote was:

YES - Mrs. Cerone
Mrs. D'Angelo
Mr. Galioto

NO - Mr. Curcio
Mr. Barton
Mr. Petrillo
Dr. Rizzitello
Mr. Sliwinski

ABSENT - Mr. Baumgardner

(Motion failed 5-3)

Mr. Sliwinski commented on the Foley Field situation, saying that the original plan was to improve Foley Field using the balance remaining in the ECIA funding; however, the defeat of the school budget caused the Board to allocate the ECIA funds to other projects. He said that he would need to have more information from the staff and from the Superintendent before he could vote on the proper solution for Foley Field.

Mrs. Cerone said that she believes the "safety" problem caused by the curbing has been cleared up.

Dr. Rizzitello asked if the condition of the field is getting worse year by year.

Mr. Weisman responded that it is about the same, but that it looks healthy in the spring and summer seasons but looks bad after football season. He went on to discuss the results of a soil analysis prepared by Rutgers University for us.

Mr. Curcio said that the Board needs input and recommendations from the superintendent and the staff.

The roll was called on the original motion, and the vote was:

YES - Mr. Galioto

NO - Mr. Curcio
Mr. Barton
Mrs. Cerone
Mrs. D'Angelo
Mr. Petrillo
Dr. Rizzitello
Mr. Sliwinski

ABSENT - Mr. Baumgardner

(Motion failed 7-1)

Mr. Curcio asked Mr. Galioto to discuss his ideas for Foley Field with incoming Superintendent of Schools, Dr. Elovitz.

Board President Curcio raised the topic of assignment of custodians for building use by outside groups.

Mr. Klein said that there are no set rules. The determination of how many custodians are to work at a given event is based upon the activity and the number of people attending. He suggested that the decision as to how many custodians to be assigned to events should be made in the Central Office by Gary Weisman.

Mr. Curcio thanked Mr. Klein.

Under new business, Mrs. D'Angelo discussed budget cuts and the effects on students and on school groups. She said that Brookdale Home & School claims that facility use will cost them \$3,200. She asked the Board to review where money could be found to add back school librarians, break up large classes, and to help alleviate the cost of facility use by school groups.

Mr. Klein commented that in the preliminary budget work many cut items have been put back.

Mr. Klein reported to the Board. He discussed the Montclair-Bloomfield Thanksgiving Day football game schedule for this year. He commented on his impressions gained during his service in the district. He spoke of changes in technology curriculum and the need for additional change.

Mr. Klein thanked the Board for dealing with differences of opinion calmly and with class, and stated that Board members are role models for the public. Mr. Klein commented positively on his experiences with the children in Bloomfield with students from the National Honor Society induction to his reading to the fourth grades.

Mr. Klein commented on the cost of instruction in Bloomfield in comparison with other districts in the county and the fact that these costs are lower than most districts.

Mr. Klein thanked the Board and Central Office staff.

Dr. Tryjankowski, on behalf of the Central Office staff, thanked Mr. Klein for his service to Bloomfield and for working so closely with the Board and staff.

Board members received the following information items: Panasonic Kid Witness Program, Technology Advisory Council Information Packet, notice of Fifth Quarter Club "Win, Lose, or Draw" Banquet, NJSBA October 5, 1994 Meeting Notes, notice of NSBA 55th Annual Conference & Exposition, and A First Report to the Board by the B.O.E. School Facilities Committee from February 14, 1994.

The meeting was opened for public comment.

Paul Prucinski of 21 Walter Street commended Interim Superintendent Klein for his perceptions and his "down-to-earth" attitude toward education. He discussed the TV program in the high school and certain budget cuts. He commented on cultural background changes taking place in his neighborhood.

Upon motion of Mrs. Cerone, seconded by Mrs. D'Angelo, the Board approved the following resolution to meet in closed session:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on November 21, 1994, at 9:55 p.m. regarding personnel and legal matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

Mr. Sliwinski arrived at 8:09 p.m.

Mr. Galioto continued that closing a few elementary schools would mean more ratables as the buildings would be redeveloped.

Superintendent Elovitz discussed using the South Middle School building and closing two elementary schools. He said that he would like to see the Middle School go to Grades 5 and 6 only. He stated that there could be a problem in terms of a Bond issue and funding.

Mr. Barton arrived at 8:31 p.m.

Superintendent Elovitz reported on the topics discussed at the Commissioner's Convocation which he attended on December 14. He updated the Board on budget procedures, discussed future efforts and plans, and answered Board members' questions.

Mr. Curcio distributed copies of the following suggested resolution concerning State aid and also read it into the record:

Resolution 33-1:

"WHEREAS, it is the responsibility of the Board of Education of each New Jersey School District to annually prepare and adopt a budget for the next succeeding school year, and

WHEREAS, it is crucial that adequate time be available to consider the consequences of budget decisions and their effect on the educational opportunities provided to students, and

WHEREAS, the proper preparation of a school district budget can only be accomplished with the knowledge of the state revenues that will be made available to the district, now,

THEREFORE BE IT RESOLVED, that the Bloomfield Board of Education requests that NJSA 18A:14-1, et seq. be modified to require that no less than sixty days be provided between the distribution of state aid information to each district and the required submission date for the completed budget to the Superintendent of each county, and

BE IT FURTHER RESOLVED, that a copy of this resolution be forwarded to the appropriate local state legislators with a request that they support this initiative."

Under Old Business, Mr. Galioto referred to the Board architect's letter of December 15, 1994, and asked whether consideration was being given to the proposal that the South Middle School building be used for Grades K through 4. Mr. Curcio responded that it was being considered as an alternate plan in the facilities study.

Mr. Galioto discussed numbers of students, the possibility of moving K through 4 to South Middle School and moving Grades 5 and 6 to Bloomfield Middle School. He discussed \$14,000,000 bond needed to do this and said that he would prefer the best plan for the least cost. Mr. Galioto discussed various classroom types that may be needed with a different organizational structure.

Mrs. Cerone commented that just because we do not have certain types of classrooms now, it does not mean that we might not want them in the future.

Superintendent Elovitz stated that the Board can look at a configuration such as suggested by Mr. Galioto.

Mrs. D'Angelo commented on the Bloomfield vocational school sharing outdoor playground facilities with us at the South Middle School site.

Mrs. Cerone commented on legislation and the emphasis on alternate school plans, and suggested that perhaps there is money available to help the district with such plans.

Board members received the following information items: A copy of a press release concerning an "artists in Residence" at Berkeley School sponsored by the Council on the Arts, NJSBA LEGISLATIVE OVERVIEW BILL NUMBER INDEX, a letter from County Superintendent regarding Planning and Reporting of Student Performance and Objectives, Public Affairs Focus, notices of Staff Vacancies, and "Holiday Dilemma."

Board members also received a copy of a letter to *The Star Ledger* from a Livingston resident regarding library procedures.

Board President Curcio announced that the next Board meeting will be held on January 9, 1995.

The meeting was opened for hearing of the public. There was none.

Upon motion of Mrs. D'Angelo, seconded by Mr. Petrillo, the Board approved the following resolution:

"BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on December 19, 1994, at the close of the scheduled meeting pending legal matters.

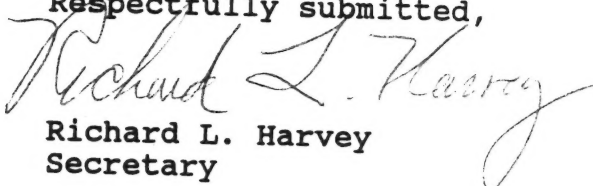

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken."

(Carried unanimously)

Mr. Curcio wished all present a happy holiday season.

There being no further business to come before the Board, upon motion of Mr. Galioto, seconded by Mr. Petrillo, this meeting was adjourned by unanimous vote at 8:55 p.m.

Respectfully submitted,

Richard L. Harvey
Secretary
